47 8TH GRADE STUDENTS GET CERTIFICATES

Forty-seven students of St. Francis Xavier Catholic School received their diocesan certificates for completion of the Eighth Grade at the annual graduation exercises held by the school Wednesday evening.

The program followed an evening Mass in St. Francis Xavier Church at which Rev. Fr. Joseph Kealy, the pastor, officiated. The graduates received Communion as a group.

Praising the class for its work during the last eight years, Father Kealy said the graduates had been fortunate in having a "God-centered education." He added that "To teach facts without relating them to the Author of the facts, God, is a dangerous error."

2 WIN SCHOLARSHIPS

At the request of the class, no special awards were given at the program. Two of the class members, Mary Alice Dry and Annette Eleanor Amann, were announced as winners of four-year scholarships at St. Joseph's Academy, McSherrystown, based upon their marks obtained in scholarship examinations.

Also listed were 22 students for "recognition of scholastic attainment." Twenty were announced as recipients of safety patrol certificates given by the Keystone Automobile Club in recognition of their service on school patrols.

Those listed for scholastic attainment were, alphabetically: Kenneth Francis Althoff, Annette Amann, Philip Asper, Patricia Coureen, Mary Dry, Sheila Grawe, Kristina Knott, Elaine McKenrick, Deborah Miller, Kathleen Redding, Ronald Redding, Charles Rentsel, Susan Riley, Robert Roth, Joan Shetter, Susan Sites, Thomas Sneringer, Paula Stotler, Anita Spadafora, Catherine Steinour, Patricia Wagaman and JoAnn Wayburn.

CLASS ROLL GIVEN

Those who received safety patrol certificates were Ronald Redding, Breau Linn, Patricia Coureen, Charles Brame, Wanda Bowling, Philip Asper, Kenneth Althoff, Richard Eckert, Lynn Riley, Susan Riley, Joan Shetter, Susan Sites, Anita Spadafora, Paula Stotler, Mary Champlain, Sheila Grawe, Kathleen Redding, Deborah Miller, Elaine McKenrick and David Luckenbaugh.

PLAN TO TOUR "TVA" FARMS

Plans for tour of the "TVA" farms in the county in August were outlined at a meeting of the executive committee of the Adams County Agricultural Extension Association Tuesday night at the West St. bank.

The "TVA farms" are eight county farms which during the five years have followed a special program of major use of fertilizer provided through the TVA as an experiment to determine the amount of fertilizer that should be used for various types of land. The tour is designed to study the results of the experiment during the five-year period.

Because of the special tour it was decided not to conduct the annual tour of county farmers to areas out side the county.

Members of the executive committee suggested a number of names of potential members for standing subcommittees. The steering committee will make the selection.

Reports were presented on the work of the extension office by County Agent Frank S. Zettle, Assistant Agent Duane Duncan and Mrs. Helen D. Tunison, home economist.

ELECTED TEACHER

Rush Larue Canouse, Hanover, was elected to a secondary basic skills assignment by the Hanover School Board Wednesday evening. A 1959 graduate of Bloomsburg State College, he has served in the Adams County superintendent of schools office and as special education instructor in Conewago Twp. School, Adams County, and in Lower Adams County School District.

MARKET STALLS

NEW YORK (AP)—A hesitant stock market stalled near dead center early this afternoon as trading slowed to its quietest pace in more than two weeks.

Reflecting the pause, The Associated Press average of 60 stocks at noon was unchanged at 222.70 with industrials up .40, rails off .30 and utilities off .10.

Xavier School Closes Today

Rev. Joseph P. Kealy, pastor of St. Francis Xavier Catholic Church, this morning announced a change in plans for the closing of the local parochial school.

Instead of final sessions Friday, as he announced on Sunday, Rev. Fr. Kealy closed the school today. The nuns gave out the report cards this morning and at 3:45 o'clock this afternoon he officiated at Benediction of the Blessed Sacrament which closed the school year. He asked that parents consider this a change from the Sunday notice. There will be no school Friday. The nuns will hold teacher conferences instead.

Graduation exercises were held Wednesday evening.

WILL INSPECT 169 BUILDINGS FOR SHELTERS

The preliminary report of the firm of architects and engineers, working under contract with the Navy Bureau of Yards and Docks of the Fourth Naval District, who recently completed the first portion of the "fallout shelter" survey for Adams County, has been received by local Civil Defense officials.

The report shows 169 buildings in Adams County will be inspected in more detail. Of this number 120 are in Gettysburg, 25 in Littlestown, eight in New Oxford, six in McSherrystown, four in Biglerville, two in York Springs, and one each in East Berlin, Abbottstown, Bendersville and Cumberlawn Twp. Private residences were not included in the inspection.

Before phase II inspections can be undertaken each property owner involved will be asked to sign a "fallout shelter license and privilege." Completing the paper is on a voluntary basis. However, it is hoped by local Civil Defense officials that all will comply. Immunity from liability for death or injury occurring to anyone using the property for shelter purposes during an emergency is granted to the owner by Pennsylvania state law, it was announced.

To Explain School Accounting System

The second in a series of three meetings to be held next week by the Pennsylvania Association of Chief School Administrators in cooperation with the Pennsylvania Institute of Certified Public Accountants will be held next Wednesday at 1:30 p.m. at the Biglerville High School.

Raymond Messimer, Harrisburg, will be consultant for the group and the subject will be the new school accounting system going in force throughout the state. The state Department of Public Instruction is cooperating in plans for the series.

The first meeting will be held on Monday afternoon in the Elizabethtown Area High School in Lancaster County and the third session will be held on Thursday in the Newport Union High School.

Services Sunday In Local Church

Contrary to the announcement made last Sunday that there would be no early morning service at the Prince of Peace Episcopal Church, Holy Eucharist will be celebrated at 7 a.m. with the Rev. David Birnie, rector of All Saints, Hanover, as the celebrant. Matins will be held at 11 a.m. with sermon by lay reader, C. Mark Boesser, Winston-Salem, N. C.

The former vicar, the Rev. Fr. C. Harold Mowen, having left for his new charge in Newport, Pa., Prince of Peace members are urged to attend the services being arranged by the vestry during the interim with no vicar in charge.

ROY L. ANDREW, WORLD WAR I VETERAN, DIES

Roy L. Andrew, 69, Gettysburg R. 1, died Tuesday at the Warner Hospital of a heart condition from which he had suffered since 1956.

A native of Adams County, he was a son of the late James Edward and Elma L. (Biggs) Andrew and was a farmer most of his life. He had also been a fireman for two years at the local silk mill, for five years had been night watchman and fireman at Gettysburg Furniture Co. and for four years was employed by the Carroll Shoe Co.

A member of Trinity United Church of Christ, Cashtown, he was also a member of the local Moose and Eagles, of the Cashtown Fire Co. and of the state Firemen's Association.

WORLD WAR I VET

He was a member of the U.S. Army in World War I, serving from September 19, 1917, to June 7, 1919. A wagoner supply man with the 316th Infantry Regiment of the 79th Division, he served in Europe, taking part in the Battle of Meuse Argonne and the Grand Montagne-Trojan campaigns.

Surviving are his widow, the former Louise Grace, to whom he would have been wed 40 years this month, and four children, Mrs. James Dillman, Gettysburg; Kenneth R. Andrew, Gettysburg R. 1; Frederick L. Andrew, at home, and Mrs. William Bowling, Gettysburg R. 2. Also surviving are seven grandchildren and these brothers and sisters: Harry E. Andrew, Lyndonville, N.Y.; Mrs. Earl Smith, Gettysburg; Mrs. Ruth Finkbner, Gettysburg; Mrs. Clifford Biesecker, Orrtanna, and Mrs. Donald Swisher, Gettysburg R. 1.

Funeral services Saturday afternoon at 2 o'clock from the Bender Funeral Home, Carlisle St., with the Rev. Robert N. Paden, his pastor, officiating. Interment in Hillcrest Memorial Gardens. Friends may call Friday evening from 7 to 9 o'clock at the funeral home.

STUDENT, 16, DROWNS ON CLASS OUTING

Howard Woodrow Peter Stambaugh, 16, son of Mr. and Mrs. Woodrow W. Stambaugh, Hanover R. 3, drowned Wednesday near his home, near Hanover, while attending a party for 15 members of the same homeroom at South Western High School.

The youths were guests of a classmate, Paula Sterner, at the Mary Ann Furnace recreation area, three miles southeast of Hanover. The youth was swimming with two other 16-year-old classmates who left the pond in search of inner tubes. On their return they found the Stambaugh boy missing but assumed he had left the water and gone to some other part of the area.

When he did not appear later, the owner of the pond, Robert K. Sterner, was called and he notified police and firemen.

BODY IS FOUND

Penn Twp. Chief of Police Richard J. Hahn, one of the officials called to the scene, dove into the water and located the youth's body in about seven feet of water.

The youth, who was described as a poor swimmer, and as having several months ago had a leg broken in three places in a wrestling accident, would have been a Junior at South Western High School this fall. He was a member of the United Church of Christ congregation of St. Paul's (Dub's) Union Church, near Hanover.

The Stambaugh family formerly resided near Gettysburg.

Surviving are his parents; these brothers and sisters, Jacqueline, (Continued On Page 4)

Willis Spangler, Gardners R. 1, Dies

Willis E. Spangler, 82, died Wednesday night at 9 o'clock at his home, Gardners R. 1, of complications. He was a retired farmer.

A son of the late Peter L. and Annie C. (Gardner) Spangler, he was a member of the Upper Bermdian Lutheran Church and is survived by a sister, Mrs. Annie Group; a brother, George U. Spangler, both of Gardners R. 1, and two nieces.

Funeral services Saturday afternoon at 2 o'clock from the Dugan Funeral Home, Bendersville, with the Rev. Douglas Boden, his pastor, officiating. Interment in the Upper Bermdian Cemetery. Friends may call at the funeral home in Bendersville Friday evening after 7 o'clock.

Adams County's Last One-room School Closes This Afternoon To End An Era

Mrs. Mary Steinberger, Fayetteville R. D., teacher at the Valley School in Franklin Twp., is shown at her desk in the one-room school which will close this afternoon. The schoolhouse is shown on page 4. (Times photos)

This afternoon at 3:40 o'clock an era ends in public education in Adams County.

When the 25 boys and girls at Valley School in Franklin Twp. march out of their school building this afternoon, the doors will close on the last of the one-room schools in this county.

Once there were more than 160 of them in all parts of the county but they have been closing steadily through the last three or four decades. Franklin Twp. alone had 15 schoolhouses years ago.

Valley School, formerly known as Strausbaugh's School in western Franklin Twp., is the last. It was condemned by the state Department of Labor and Industry three years ago and the school district was given until the end of the current school year to make provision for the pupils.

TEACHER ATTENDED THERE
This spring the board voted to close the school and transport the children to the school at Cashtown that is to be enlarged.

Today is more than just the last day of school for the teacher at Valley School. Mrs. Mary Steinberger attended Valley School for eight years as a pupil, went to St. Joseph's Academy at McSherrystown for four years, Shippensburg State College for four years and then came back to Valley School to teach for 22 years.

Next fall she will be teaching Fifth Grade at Cashtown school.

USED SINCE 1891

So when the pupils rise this afternoon at dismissal time, stand in neat rows in the aisles by their seats and say in unison: "Good-bye Mrs. Steinberger," she will be ending 30 years in the old school house as pupil and teacher.

School records indicate Valley School has been used since 1891. A second room was added in 1929 when all eight grades were attending there but only the one school room has been used since Franklin Twp. entered the Gettysburg Joint School System at the high school level and Seventh

and Eighth Grade pupils have been sent to Gettysburg.

Valley School is much like the scores of other one-room schools that have passed from the scene in the county and across the nation. There are blackboards at the front and one side wall and on the front blackboard the teacher has before the children lessons in handwriting and "A Patriot's Creed."

GLOBE, FLAG, PICTURES

Above the blackboard at the front of the room is a color reproduction of Whistler's "Mother" and on the piano in one corner is a globe. Teaching aids line the school room walls and there are bookshelves close by the teacher's desk. A five-line chalk holder lies on the teacher's desk and there are fresh bouquets of mountain laurel. There is an American flag on a staff at the front of the room and another on a pole outside.

Peter Asquith To Study At Vienna

Miss Lillian Jechak of the Institute of European Studies has announced that Peter D. Asquith, son of Prof. and Mrs. Dean Asquith, Biglerville, has been accepted by the institute's program and will spend his Junior year studying at the University of Vienna.

The institute's program includes both regular course work at the University of Vienna and a study tour program to show the unification and integration of modern Europe.

Mr. Asquith, who is a student at Lehigh University, is majoring in a combination of philosophy, mathematics and physics in preparation for work in the philosophy of the natural sciences. He will sail on the S.S. Statendam from New York City on August 24.

HIS BEHAVIOR IN COURTROOM LEADS TO JAIL

Bernard Eckenrode, 34, 117 Carlisle St., was placed in the custody of the sheriff for contempt of court Wednesday afternoon when he appeared for a hearing on a support charge.

Sheriff Dawson Miller said Eckenrode twice lit cigarettes in the courtroom while court was in progress and the cigarettes had to be taken from him, then spoke out of turn during the hearing. The sheriff said Eckenrode appeared to be "under the influence of intoxicants."

Domer Vernon Shaffer, Elizabethtown R. 1, joined the list of those who have protested radar speeding arrests in county court and lost. Shaffer, found guilty on the speeding charge following the hearing before the court, was sentenced to pay \$10 for the use of Cumberland Twp. and the costs. State Police Corporal Clayton W. Hamberger and Trooper Donald L. Weikoner said they were unusually sure they had the right car when they nabbed Shaffer because he drove a yellow Cadillac.

SUPPORT ORDERS

The court directed that Mrs. Mary Wardwell, Gettysburg R. 2, pay \$30 a month for the support of a son at the home of an aunt in Maine. She appeared on a petition for support from York County, Maine. The local court observed that the petition sent here hoped to increase the support payment from the \$7.50 a week Mrs. Wardwell has been sending, to \$15 a week. Discovering that Mrs. Wardwell's income is \$40 a week, the county court held that \$30 per month would be a sufficient support order.

The court directed that Emanuel David Pennington, 104 S. Queen St., Littlestown, pay \$2 per week for the support of his mother in West Virginia. One of nine children, several in the Virginia-West (Continued On Page 2)

To Charge Driver After Crash Here

Damage totaled \$235 when two autos collided Wednesday evening at 5:45 o'clock at the intersection of W. Middle and S. Washington Sts.

Borough police said Chester H. Heisey, 62, Mechanicsburg R. 2, was driving east on W. Middle St. and failed to stop for a red traffic light. The front of his car struck the side of a station wagon driven by Mrs. Lawrence H. Eckert Jr., 44, Gettysburg R. 2. Damage was \$115 to the car and \$120 to the station wagon.

Police said a charge of failing to stop for the traffic light will be placed against Heisey before a local justice of the peace.

Baptists To Hold June Bible School

The 1962 summer Bible School of First Baptist Church, Gettysburg, and Grace Baptist Church, Fairfield, will be held at the Baptist Church here June 11 to 22.

Sessions will be held daily with the exception of Saturday and Sunday from 9 until 11:30 a.m. There will be classes for children three years and upward through the grades.

All children are invited to participate in the Bible study, handwork and recreation.

4-H LEADERS MEET

A meeting of leaders for the 4-H Tasty Snacks Clubs was held Wednesday at the Columbia Gas Co. office, York St. Leaders present included Mrs. Edward Snyder, Fairfield; Mrs. Grayson Main, Arendtsville; Mrs. Paul Breighner, Abbottstown, and Mrs. Paul Dorr, Barlow.

CAR ON FIRE

The York Springs firemen were called at noon to a car on fire on the Oxford Rd. near Mt. Holly Springs.

FRANKLIN TWP. SCHOOL BOARD FIGHTS STATE WAGE RULING

After presenting testimony of 10 building contractors and school officials and architects at a hearing in Harrisburg Wednesday, the Franklin Twp. school district today awaited a report from the state Department of Labor and Industry on the school board's appeal over wages to be paid on its school building program at Cashtown.

The ruling, which involves about \$100,000 for the school district in the cost of the six-room addition and remodeling program at the Cashtown school, is expected within 10 days.

Franklin Twp., the first school district in Adams County to launch a building program since the state's new "prevailing Wage Act" went into effect February 1, had architects' estimates of the project cost at \$245,028 but when bids were opened May 21 the low offer came to \$322,945 and an architect testified Wednesday half of that figure represented labor costs.

UNDER STATE PRESSURE

The Franklin Twp. school board decided to appeal the prevailing wage scale for the area which had been established by the state secretary of labor and industry and upon which the bids were based. They were concerned, too, that there were no local bidders for the building contracts. A petition was filed with Labor and Industry Department asking a review of the wage rate ruling and that hearing was held Wednesday with a "Miss Cummins" serving as examiner.

Architect Arthur Stabler; Franklin Twp. Principal Hobart Benchoff and 10 area contractors testified. The principal noted that the school district is under state orders to have remodeling of the present school done by September 1 and the work is part of the contract job.

Contractors, who appeared voluntarily and at their own expense as witnesses for the school district, giving testimony about school or industrial construction work they had done in the area and the wages paid, included: Donald P. Smith, president of Conewago Construction Co., Hanover R. 4; Gerald Dubbs, secretary-treasurer of Hoffheins Brothers, Hanover; Clair Bange of Swam Electric Co., Hanover; S. B. Miller, president of the Gettysburg Construction Co.; Stanley Hull of Hull's Electric Service; Clay Crouse of I. H. Crouse and Sons, Littlestown; Allen I. McDonnell, Gettysburg; Victor Re, Gettysburg; LeRoy Levan, plumbing contractor, Gettysburg; C. M. Gross of the Gross Construction Co., one of the low bidders on the Franklin Twp. job.

"SUBSTANTIALLY LESS"

All testify wages they paid on school, industrial and commercial construction work in this area were "substantially less" than those set up by the state for the Franklin Twp. school job.

Mr. Benchoff testified Franklin Twp. is a rural community with some industry but with an economy that is largely agricultural. When S. B. Miller was asked if he ever had worked on a job where there was a posted wage scale he answered in the affirmative and said a Warner Hospital annex was the only instance. Asked if he had not taken on others, he said: "No, we've never quite recovered from that one."

Assistant County Superintendent of Schools M. Francis Coulson said the local taxpayers will have to pay the full cost of the building above the sum estimated by the architect because the excess will not be reimbursable by the state.

EFFECT "IRRELEVANT"

School Board President Thomas O. Oyler was not permitted to answer a question about the probable effect on the area of a construction job carried out at the wage levels currently set by the Department of Labor and Industry. The question was ruled "irrelevant."

A Labor and Industry employee, a "Mr. Debold," told of a wage survey he made in this area three weeks ago but it was brought out that his survey was made weeks after the wage scale for the job had been set by his superiors.

Attorney John A. MacPhail as counsel for the school district participated in the hearing and asked permission to file a legal brief.

Jerome Gerber, York, as counsel for labor unions, took part in the hearing and submitted signed statements from unions and absent contractors, only one of whom was from the Adams County area.

Present Gift To Principal Inskip

A flower decorated farewell cake was served at the faculty meeting of the Fairfield Joint School System Tuesday. In recognition of George B. Inskip's 14 years of service to the school the faculty presented him an attache case.

The local PSEA elected these officers for the coming year: President, Barbara Devlin; vice president, Thomas Brown; secretary, James Hanawalt; treasurer, Shirley Graf. The following officers retired: Ruthetta Sheads, president; Barbara Devlin, vice president; Anice Rutters, secretary, and Robert Leiter, treasurer.

Mr. and Mrs. J. Warren Martin spent the weekend in Bluffton, S. C. where their daughter, Laura Lee, graduated on Monday from Bluffton College with a degree of Bachelor of Arts. Laura Lee and her son, Jay, returned with them.

SCOUTERS TO MEET

The Black Walnut Boy Scout District Committee will meet this evening at 8 o'clock at the West St. Branch of the Gettysburg National Bank. The meeting will be the last for the summer and plans will be made for activities during the coming three months. All institutional representatives are particularly urged to attend the session, Chairman Charles Ritter said.

DONATE BLOOD

Mrs. Elizabeth Hoffman, Gettysburg, donated blood at the Warner Hospital this week.

Agreement On Grave Laos Crisis Is Expected To Be Reached By Princes Friday

By ANTOINE YARED
KHANG KHAY, Laos (AP)—Laos' three rival political princes met in the rebel-held Plaines Des Jarres today, and neutralist Prince Souvanna Phouma said the long-awaited agreement on a coalition government might be reached Friday.

Souvanna said his first meeting with Prince Boun Oum of the right-wing Vientiane government and pro-Communist Prince Souphanouvong encountered little difficulty.

SOME ARE FEARFUL
"If we continue to work in a similar atmosphere, I am sure we will reach a final agreement Friday," Souvanna said.

It was the princes' first meeting since January.

RECALL EARLY DAYS OF ROAD

Older residents of Menallen Twp. were called to the witness stand today to trace the history of a Piney Mountain road in dispute in an equity action brought by Donald R. and Faye E. Black, Aspers R. D., against Robert C. and Mary P. Lott, also of Aspers R. D.

The road crosses Lott's property and according to the allegation Lott closed the road leading to a woodlot area owned by the Blacks.

At the trial this morning Charles Showers recalled how "Harry Veiner used to come along" the road with a big pack on his back and later had a horse and buggy.

The court decided that must have occurred about 1900 because Showers said it was "when I voted for Teddy Roosevelt on age."

Waybright Black Sr., another Aspers R. D. resident, recalled that he "ran a threshing machine up the road" about 1912 to Hiram Showers property. Asked if he had asked permission to take the threshing rig on the road he said: "Those days you didn't have to ask permission to go anywhere."

Black testified he had helped survey the woodlot through which the road ran, "in the 30's" and had hunted deer, bird and foxes in the area.

No one could recall when Hiram Showers house disappeared from along the road.

Testimony continued this afternoon in the trial before the court without a jury.

Wm. T. Richardson Dies In N.Y. At 39

William T. Richardson, 39, Massapequa, N. Y., died on Tuesday in the Presbyterian Medical Center, New York City, where he had been admitted several days earlier.

He was a son of Edward T. and Fay Tucker Richardson, E. Myrtle St., Littlestown, and husband of Patricia F. Fraser Richardson. In addition to his parents, and wife, he is survived by three children, William Jr., Patricia Ann and Thomas Edward, all at home, and one brother, Edward T. Richardson Jr., Norwell, Mass.

The deceased was a graduate of Western Maryland College, class of 1946 and a veteran of the United States Navy during World War II.

COURT OKAYS VAULT PLANS

The Adams County court Monday approved plans of the county commissioners to install ventilation openings in two vaults in the register and recorder's office.

The approval lists the dimensions of the openings in the outer wall of the courthouse to permit installation of air circulation equipment which will condition the air as it is brought in from the outside. Smaller openings will permit circulation of the air.

Engineer Wilbur L. Plank was the principal witness at the hearing held Monday prior to approval of the petition. He said the openings would not add to the fire hazard of the vaults and that heavy grilles or bars would be placed over the opening to prevent anyone from entering the vaults from the outside.

One vault was that used by the register and recorder for years. Originally it had a window which was opened to permit ventilation. A heavy steel shutter closed the window at night. When the new vault was constructed in what was formerly the child welfare office, the new vault was made without windows and the window in the old vault was bricked in and as a result the various openings were needed to provide ventilation.

Originally the plans called for but one opening, with ventilation provided by fans. Attorneys, clerks and the staff of the register and recorder's office protested to the commissioners and the change was made.

Local Man Jailed In Two Charges

David R. Thomas, 135 Breckenridge St., paid a \$10 fine and the costs on one charge but went to jail for 15 days on two other counts Tuesday after he was arrested by state police and taken before Justice of the Peace John O. Whitman, Cumberland Twp.

Thomas pleaded guilty to making a bad pass on Rt. 15 on April 27 and was fined \$10. He also pleaded guilty to driving without an operator's license and to offering another driver's license as his own. It was on those charges that he got the jail term after signing pleas of guilty.

The police had filed the original bad pass charge against Edward E. Thomas, Shippensburg. When he failed to pay a warrant was issued and the subsequent police investigation showed that not Edward but his brother, David, was the driver when the bad pass was made. He had been carrying his brother's driver's license and showed it to the officer when he was stopped.

Mrs. Miles Brandt, Latimore Twp., Dies

Mrs. Sylvia C. Brandt, 69, died Wednesday evening at 7:45 o'clock at her home, York Springs R. 1, Latimore Twp., after an illness of three months.

HIS BEHAVIOR

(Continued From Page 1)

Virginia area, Pennington held he did not know his mother was in need until he received the copy of the support charge from Virginia public assistance officials. The court noted that the mother had since moved to West Virginia but said the \$2 levy would be placed "to keep them off your neck."

Donald E. Myers, Hampton, was directed to pay \$7.50 per week following a hearing on a nonsupport charge. Kermit Sites, Fairfield, was ordered to pay "at least \$6 per week" on a support order on which he is \$504 in arrears.

MORE SUPPORT CASES

Jerry A. Kirby, Gettysburg R. 4, was directed to pay \$12 per week on a support order following a hearing.

Malcolm E. Spaulding, Littlestown R. 2, was ordered to pay \$10 per week for the support of his wife and child, post the usual \$500 bond on his own recognizance and pay the costs. Mrs. Spaulding said she ordered her husband to leave when he was not working and became abusive when she would not give him money. Spaulding said he was unemployed and currently living with his mother. The court, in imposing the \$10 per week support order, noted "there is no excuse for a man 35 years old to live off his mother and not support his family."

Robert H. Fissel, Main St., Fairfield, was ordered to pay \$12.50 per week for the support of two children. Under the order, the children will be with Mr. Fissel Saturdays and with Mrs. Fissel Saturdays.

CASE CONTINUED

Milton Freeman Welsh Jr., E. Middle St., was ordered to pay \$7.50 per week support, pay the costs and post the usual bond of \$500 following a nonsupport hearing.

The support case against Kermit J. Smith, Abbottstown R. 1, was continued for six months to be dismissed at that time if not reopened.

Donald E. Cooley was directed to pay \$5 per week for the support of his wife and three children.

GTC MEETS AT INDIAN AREA TUESDAY NIGHT

Committees were appointed by President Marshall Tuckey at a meeting of the Gettysburg Travel Council Tuesday evening at the Indian Village, eight miles west of here on the Lincoln Highway.

The business session followed a demonstration by Chief Gray Wolf of the Seneca Indian tribe and his family of Indian dances and an exhibit of Indian clothing, drums, and other articles used by the tribes.

The chief said "craftsmanship among the Indians is dying out. Only the very old are capable of making these articles. The younger people do not want to do the work. In fact the younger people are a little shy about using the Seneca language. They can understand it, but they don't speak it very much." He said, "Once each tribe had its own dances. But with different tribes attending the same schools the boys, in their free time, taught each other their tribal dances and now the dances of many tribes are done by each tribe."

\$1.25 PER YEAR

Frank M. Kirkner, owner of Indian Village, said the "U.S. Government takes good care of its Indians. Gray Wolf this week received his annual check from the government for \$1.25, the amount given each year to each Seneca." Each Seneca also receives a yard and a half of cloth each year.

At the business meeting the council voted \$25 for "petty cash" for the South Central Travel Council and voted to place a booth at the Philadelphia travel show next April if two other counties in the South Central group will join to share the expense.

Andrew Johnson reported on a South Central meeting and urged attendance of all Gettysburg Travel Council members at a meeting September 20 of the South Central group at Hershey. Reservations for that meeting must be made by August 10.

HEAR HUNT REPORT

Bill Warren read a report from Richard C. D. Hunt Jr., executive secretary of the Gettysburg Battle Centennial Committee, of plans for the centennial next year.

A group from Chambersburg headed by Ray Schwedel, of the Hitching Post Inn, met with the Gettysburg group and reported plans to form a Travel Council there and work with Gettysburg in joint promotion of the area.

Tuckey reported a "lady from Council Bluffs, Iowa," won the trip to Gettysburg for herself and husband on a television program. He said that he will notify members of the date of arrival of the couple. The council is promoting the visit. Members will provide meals, lodging, admission to museums, etc.

Court Approves Trespass Agreement

Approval was given by the Adams County court Monday to settlement of the trespass action brought by Ricardo L. Steinhour, 9, and his father Earl L. Steinhour, 56½ Breckenridge St., against Roger E. Gardner, 227 Steinwehr Ave., and Grover E. Thompson, Hillcrest Place. The amount fixed is \$2,500; \$962.20 to pay the hospital bill, \$150 the physician's bill, \$18 to reimburse the father for his out-of-pocket expenses, \$744.80 to the father as guardian for his son, and \$625 to Attorney Gerald Walmer.

The suit stems from an accident October 21, 1961 when the Steinhour child was walking home from school on Chambersburg St. and was struck at the crossing of S. Washington St. by a station wagon operated by Gardner and owned by Thompson.

Chief Of Police Files May Report

The report of Chief of Police Jack Bartlett to town council Monday revealed the officers made nine criminal and 19 traffic arrests during May. They investigated 13 auto accidents and 338 complaints, provided 13 escorts, and 57 assists for other departments. Four wallets were reported lost and four found. Three bicycles were reported lost and four were found. Two cars were stolen and both recovered. Two missing persons were reported and both found.

The fire department report showed the firemen answered two alarms in the borough and seven outside the borough during the month. The ambulances made nine calls in the borough and 18 outside the borough.

SOIL MOISTURE REMAINS SHORT REPORTS SCRS

Scattered rains last week partially relieved Pennsylvania's thirsty farmlands but soil moisture remains short, the State Crop Reporting Service said in its weekly crop and weather summary.

All hays, pastures and grains were growing very slowly. The outlook is for poorer than normal early crop yields. Sunny skies, however, were ideal for haying operations. First cuttings of alfalfa and clover timothy were reported, along with grass chopping and filling of silos.

Most vegetable acreages have been planted but all are in need of more rain. Sweet corn is beginning to push above the ground but growth of the early crop has been hindered by dry weather. Leaf lettuce and radishes are moving to market. Strawberries are sizing in northern areas while harvesting is well underway in the south.

CHERRIES TURN YELLOW
Cherries are turning yellow in all major producing areas. Grapes were in bloom last week in the Erie region. Spotted frost damage to pears, apples and cherries was becoming evident in the Berks-Lehigh area, and some slight effects were also noted in apple orchards of the South Mountain region.

Barley is heading throughout the state and turning to gold in some areas. Wheat is in the boot to head stages and oats are in the pre-boot phase. Corn planting is practically completed. Planting of soybeans has started and ground was being prepared for the buckwheat crop.

Tobacco transplanting is nearing completion. Hot, dry weather has retarded growth and seedlings have remained in beds longer than usual.

Pasture conditions are mainly below average and cattle were being fed some hay and green chop to supplement roughage.

Today's Talk

TEAM, TEAM, TEAM!

Society is a very compact organization. As a whole it must work together for the good of the best interests that comprise it.

Each one of us is a vital cog in this great machine. We cannot defy society. But each of us do many things to improve all society. And society, as a whole, welcomes this. We are made proud and happy when someone does something notable that stirs and inspires us. As did John Glenn.

I recall attending a certain football game with one of my twin sons. At a crucial moment when it looked as though the home team was to be defeated, the cheer leaders sprang to their feet and called for the college yell, having for its theme the words "Team, team, team!" In an instant the idea was grasped. From thousands of throats came the shout — "Team, team, team!"

The team held. It became as a stone wall. It proved undefeatable. The team won.

Team work always wins, in business, in the home, in the city, in the nation. And some day, when all folks get more tolerant and wiser, it will work in solving the great problems of all the nations.

And team work proves the thing that wins in the building of a character and of an individual success. The body, the mind, the spirit must work in harmony — each as a supplement to the other.

We are always happiest when we are working with others for the good of others.

Tomorrow Mr. Adams will talk on the subject: "Doubt"

AMUSEMENTS FOR CARNIVAL ARE CHOSEN

Entertainment for each night of the annual summer carnival of the Alpha Fire Company No. 1, to be held the week of August 6 through 11 on the local playground, has been engaged by the entertainment committee and was announced at the June meeting of the company on Tuesday evening at the fire engine house by the chairman, Paul E. Altoff, as follows: Monday, August 6, Roger Dean and the Blue Valley Ramblers from Radio Station WRVA, Richmond, Va.; Tuesday, Happy Johnny with Johnny Norris and the Free State Boys from Radio Station WFMD, Frederick; Wednesday, the Buck Benson Show, Radio Station WORK, York; Thursday, Mel Price and His Santa Fe Rangers, of WVVA Jamboree, Wheeling, W. Va.; Friday, Virgil Neal and the Oklahoma Travelers, and Saturday, the Littlestown High School Band and "The Collegians" from Baltimore Television Channel 2.

President Clyde Harner was in charge of the meeting and, following the group singing of "America" and prayer, accepted the report of Dennis Wallick, secretary. The book committee, Clair J. Redding, Howard O. Myers and Norman Sentz, also reported.

Fire Chief Richard Stuller noted six calls for the month of May and two false alarms. There were two calls in Carroll County, one in Mt. Joy Twp., one in Union Twp. and two in the borough with a combined loss of approximately \$8,460. A letter of thanks was authorized to the Brushstown Fire Company for their assistance at the Barnes fire in Union Twp. A contribution was received from Geisler's Furniture Company for services rendered by the fire company in the former's warehouse fire. A letter of thanks was read from Redeemer's United Church of Christ for the firemen's efforts in saving the church from damage in the same warehouse fire and the donation included with the letter was voted to be returned to the church officials.

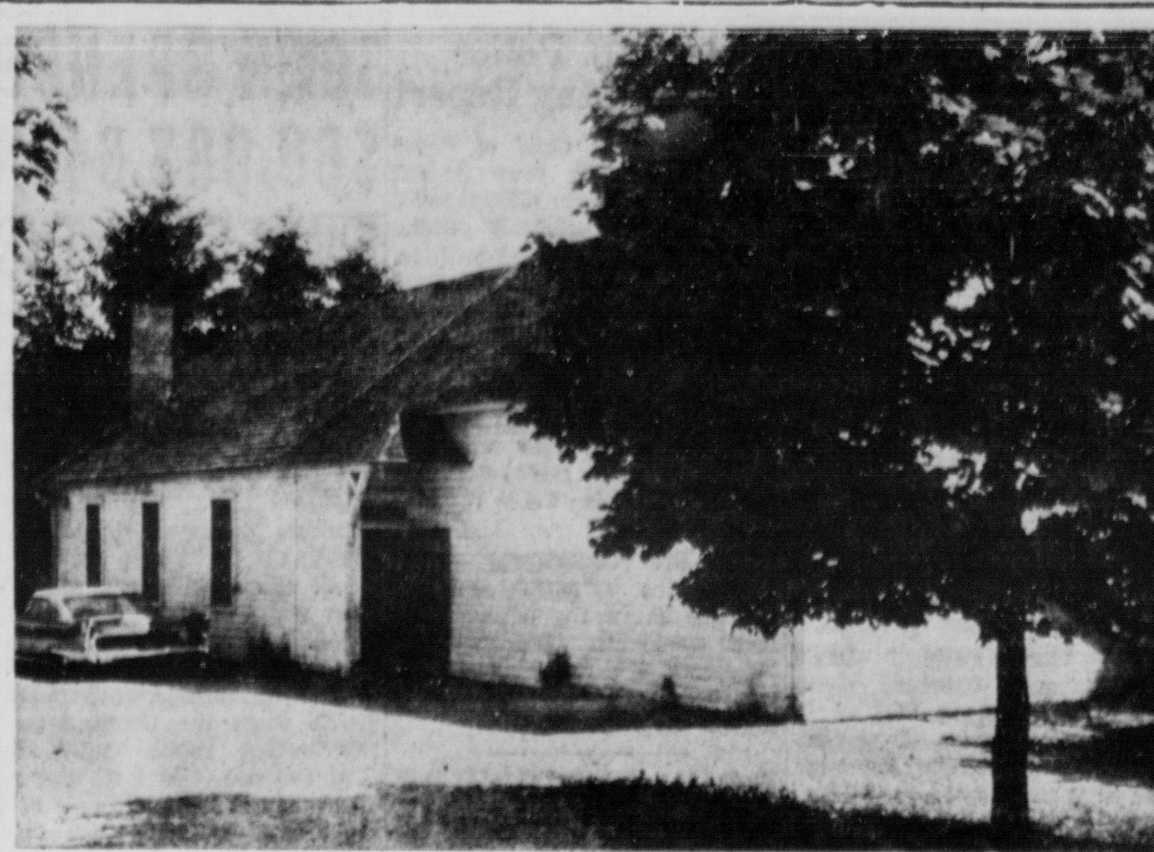

The company voted to accept the recommendation of the radio committee to purchase two new sets to replace the old sets that would have to be changed over.

Truck Foreman Kenneth Olinger reported all trucks and equipment in good order and announced that there will be no driving practice on Thursday of this week.

David Stoner was nominated as a member of the company with Leroy Kline, Clifford Harn and Ronald Brown serving as the investigating committee. Charles Croft was elected a member of the company.

Bills amounting to \$582.11 were ordered paid. Receipts of the evening totaled \$373.55. A financial report on the canteen fund was given by the treasurer, Paul E. Altoff.

A communication from the VFW Post and Auxiliary requesting the firemen's participation in their blood typing program, was read. All members who wish to have their blood typed, and or have their names placed on the donor list, who have not already registered with another community organization, are asked to give their

Mrs. Steinberger has many cartons of books and supplies to be packed for hauling to the Cashtown school. The desks will be taken out and moved to Cashtown for a used school furniture sale set for July 3.

The old schoolhouse property will be sold late in July. An earlier announcement of a sale on July 7 had to be cancelled because the old deed has not been located and legal red tape cannot be completed until later in the summer.

The president appointed the following social committee to serve for the next quarter: Harry E. Feeser, Barry Fissel and Bobby Nester. The quarterly meeting of the Adams County Firemen's Association will be held here on Monday, June 25, one week early due to vacation week and the following were appointed as the refreshment committee: Paul E. Altoff, James P. Hahn, Donald Cook and Walter C. Myers, to be assisted by the above named social committee. A good attendance is requested by the president.

The local company will also meet one week early on Tuesday, June 27, due to vacation. Forty-three members attended Tuesday's meeting and after adjournment enjoyed refreshments served by Terry Lightner and Raymond Masenheimer.

JFK'S NEW TAX BILL HEADED FOR TROUBLE

WASHINGTON (AP)—President Kennedy's tax revision bill appeared in deeper trouble today after being criticized sharply at a closed meeting of Democratic senators.

Opponents of the bill said privately they were convinced now there was a good chance it eventually will be dropped. And Republicans voiced such a demand in floor speeches Wednesday.

However, Sen. Harry F. Byrd, D-Va., who opposes the measure's two key provisions, told a reporter the finance committee heads will continue its consideration of the tax bill.

It was learned the Virginian told Kennedy a few days ago the measure would receive a complete study from his group.

The committee has been giving the bill a slow-motion airing since it started public hearings April 2. The House passed the measure March 29, keeping the bulk of Kennedy's proposals.

Wednesday's Democratic meeting was in the office of the par-

ty's Senate leader, Mike Mansfield of Montana. It was one of the periodic sessions he holds to go over the Senate program and to relay the results of congressional leaders' conferences with President Kennedy.

The tax bill in general was the chief subject of the meeting, with investment credit to give business a \$1.35 billion incentive to modernize its plant and equipment.

The administration believes the credit would go a long way toward making the economy more efficient and productive.

The withholding plan is counted on to help pay for the investment credit.

It was learned that Sen. Robert S. Kerr, D-Okla., second in seniority on the Democratic side of the finance committee, led off at the meeting with a defense of the withholding plan. He emphasized the present tax losses from unreported dividend and interest income.

Byrd then gave a rebuttal, stating his previously expressed view that the system would be unduly burdensome and that the Treasury has greatly exaggerated the losses.

One senator at the meeting even raised the question that the plan might be unconstitutional. Others said they were unable to explain it to their constituents.

Byrd said that Secretary of the Treasury Douglas Dillon will be back before the committee next week to continue his defense of the bill.

34 "SENIOR CITIZENS" CLUB GUESTS

Thirty-four senior citizens of the community were guests of the Littlestown Rotary Club at their annual dinner meeting in honor of the local men over 70 years of age, held on Tuesday evening with a roast beef dinner at the Kingsdale fire hall served by the members of the fire company auxiliary.

Guest speaker was the Rev. Dr. Nevin E. Smith, presented to the group by Luther D. Snyder, chairman of the community service committee, which was in charge of arrangements for this event. Rev. Mr. Smith also showed a series of pictures. Members of the Rotary Club presented a minstrel show for the entertainment of their senior guests with L. Robert Snyder as interlocutor and the following participants: George P. Smith, pianist, Charles E. Rabenstein, James L. Rhoades, Clarence R. Reck, Clarence J. Krichen Jr., Charles E. Ritter, Fred W. King, Frank E. Basehoar and Preston L. Myers.

All of the guests were introduced by Chairman Snyder and they were James U. Bowers, Russell Boyd, Charles C. Collins, Charles W. Collins, Frank Currens, Albert Crabb, William Fuss, Hubert Gordon, George Humper, Luke Jacobs, Samuel M. Keagy, Mervin King, Horace C. Koontz, Elmer Krise, William Lemmon, F. the feasibility of increasing the capacity by the addition of shielding, ventilation, and auxiliary power. There will be no cost to the owner. If any building shows a protective factor of 100 it will be officially marked and stockpiled with food, water, etc., by the federal government.

William G. Weaver, county Civil Defense director, acting also as shelter officer for the county, is notifying each of the 169 property owners whose names appear on the initial inspection list. The program well explained and their cooperation requested. Forms granting license and privilege will be sent to them along with a copy of the law granting the immunity mentioned above.

This is a program, Weaver said, that President Kennedy has described as "vital to the nation's security."

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO

A once mighty Japanese naval force, reported to constitute the bulk of that country's sea power, today limped westward in desperate retreat from Midway Island, its proud units pounded by an American defense turned into a shattering offense. But even if the Japanese should make good their escape, it will be only at the cost of at least three warships sunk, 131 or more others damaged and the virtually complete destruction of their protecting arm.

The only announced American losses in equipment were one destroyer sunk by a submarine, one aircraft carrier hit by a bomb and some planes missing. As the three-day battle of the central Pacific seemed to be nearing its finish in what was likely the greatest single victory of American Naval history, messages of congratulations began to arrive at the Pearl Harbor headquarters of Admiral Chester W. Nimitz, commander-in-chief of the Pacific Fleet.

ASSISTANCE

There's pride in being needed, there's joy in being called!
Your hermit is a stranger whose soul is granite-walled.
Nor is there any sadness so keen the while we live
As meeting need for money and having none to give.

That self-respect we talk of is borne alone of deeds,
Of meeting debts with honor and sharing other's needs.
Of serving some good purpose beyond our selfish own
And having aid to offer when want is plainly shown.

Man's years are told in labors, professions and in trades
In charities he gives to; the public works he aids,
From all the deeds of mercy in which his neighbors share
Come self-respect and friendship and reputation fair.

Nor skill nor wit nor courage sufficient pride contain,
The cleverest and the strongest his neighbors' love must gain,
For some unselfish purpose a man must also live,
For all that leaves him happy is what he has to give.

Entire Class Of 1912 At East Berlin High Returns For 50th Reunion Event

Members of the East Berlin High School Alumni Association are convinced there must have been something about the school that contributed to longevity and good health.

The presence of all five members of the class of 1912 for their 50th reunion at the annual meeting of the alumni at East Berlin Saturday was unusual. But when they were joined by their high school principal of 50 years ago that was extremely unusual.

John Hartman of York also attended. He graduated from the school in 1902—60 years ago, or before the school was accredited.

HOKE IS TOASTMASTER

Also present was Mrs. Bessie (Walters) Maurath of Baltimore, a member of the first class to graduate after East Berlin became an accredited high school in 1909. Ronald Hoke, retiring president of the association, was toastmaster at Saturday night's program at which Charles Gentzler gave the invocation and group singing was led by Gerald Mummert accompanied by Mrs. Charles Gentzler.

The class of 1920 also had its entire membership of three persons present. The class of 1942 had 22 present for their 20th reunion.

ELECT GRUVER

Elmer M. Gruver, Gettysburg R. D., former principal of the school for many years, introduced Mrs. Maurath and Dr. J. W. Bucher, Glenolden, who was principal of the East Berlin High School from 1910 to 1915 and then taught for many years at Temple University.

Past Principal Gruver was elected president of the Alumni Association for next year. Other officers elected included: Vice president, Carlton Jacobs; secretary, Mrs. Ruth Fry; assistant, Mrs. Annette March; treasurer, Erwin Gross. During the balloting, Gerald Mummert's piano solo was "Arabesque" by Debussy. The speaker for the evening was Charles Eisenhart, an alumni of the class of 1925 and presently the principal of the Steelton-Highspire Jointure.

Gifts were presented to the graduate coming the greatest distance, Guy A. Phillips, California; largest family, George Martin, Gettysburg; oldest, Mrs. Bessie Maurath, and youngest grandmother, Mrs. Sadie Wilt.

DIES OF INJURIES

PITTSBURGH (AP)—A 68-year-old Pittsburgh woman hit by a truck near her home Tuesday died at Divine Providence Hospital Wednesday. She was Mrs. Eva Zwolak.

All five members of the class of 1912 returned to East Berlin for the 50th reunion of their class at the annual alumni association meeting Saturday. Left to right, they are George A. Martin, W. High St.; Mervin B. Kauffman, Marion, O.; Edith (Butt) Reynolds, W. King St., East Berlin; Elmer M. Gruver, Gettysburg R. D., and Guy A. Phillips, La Mesa, Calif.

The auxiliary will meet June 28 at 9 a.m. to prepare the

kitchen.

The next meeting will be held July 2 at 8 p.m.

Recent guests of Mr. and Mrs. Eugene Bostwick were Mr. and Mrs. Ronald Bickford, of Wilmington, Del.; Edward Spangler, Philadelphia; F. E. Bostwick and Miss Elizabeth Bostwick, Pitman, N. J., and Mr. and Mrs. Kirk Kandel and children, Matt, Mollie, and Meggin, Chambersburg.

Mr. and Mrs. Gene Walker and sons, of Ligonier, and Mrs. Worth Kanagy, of Lancaster, spent the weekend with their parents, Mr. and Mrs. James Kauffman.

Twenty-five members of the Fairfield Lions Club met Tuesday evening at the community park. A barbecue supper was served. Officers were elected. The club voted \$10 to the multiple sclerosis fund.

The club will have another work the recreation area.

WINDS, RAIN, HAIL AND FAIR WEATHER IN U.S.

By THE ASSOCIATED PRESS

Showers and thunderstorms hit scattered sections from Wyoming to New England and in parts of the South again today but generally fair weather prevailed in the Far West.

Wet weather was reported in many areas during the night, with severe thunderstorms in sections of the Plains. Tornado winds, heavy rain and hail hit some areas.

A heavy downpour drenched Goodland, Kan., with amounts reported up to four inches. Some flooding was reported. Hail was reported two to three inches deep in a mile wide strip 10 miles south of Goodland.

TORNADO IN TEXAS

A tornado struck northeast of Amarillo, Tex., but no damage was reported. A twister also hit the Polk, Neb., area, about 80 miles west of Omaha, in the wake of a severe thunderstorm.

Showers and thunderstorms continued during the morning from central Wyoming into southeastern Texas. Showers sprinkled areas in West Virginia, western South Carolina, Southern New England, North Dakota and Minnesota. Rain fell in the Middle Mississippi Valley and showery weather also was reported in parts of the Ohio and Tennessee Valleys, and the Gulf and South Atlantic Coast states.

Early morning temperatures ranged from 85 in Needles, Calif. to 36 in Rock Springs, Wyo. Readings were in the 60s and 70s in most of the Mississippi Valley and in the 50s and 60s in the Pacific Coast region.

Child, 3, Killed By School Bus

NEW BRIGHTON, Pa. (AP)—A three-year-old girl was killed by a school bus Wednesday at the bus stop where she showed up daily to greet pupils returning home from classes.

Joyce Ann Verico of Daugherty Twp. was dead on arrival at Beaver Valley General Hospital in this Beaver County community of a compound skull fracture.

Police Chief Chuck Goering of Daugherty Twp. quoted bus driver Ronald Sheets of New Brighton as saying he didn't see the child.

Report One Of Every Five Packaged Items Sold In Pa. Short On Weight, Measure

WASHINGTON (AP)—The director of Pennsylvania's Bureau of Standard Weights and Measures has presented testimony that checking indicates approximately one out of every five packaged items sold in the state is short on weight or measure.

The director, Harry M. Turrell, told a House Operations subcommittee Wednesday more than 325,000 packaged commodities were checked during the last fiscal year. More than 70,000 were found to be short, he said.

Turrell presented to the committee the testimony of Genevieve Blatt, Pennsylvania's secretary of internal affairs, who was unable to testify because her plane was grounded due to weather conditions.

TOBACCO SHORTAGE

Surveys conducted in Pennsylvania, said Turrell, indicated that as much as 45 per cent of packaged tobacco products were short-weight.

He said that "in some areas (of Pennsylvania) such as device control compliance is relatively good; in other areas, such as package control, the situation is in great need of improvement."

"The fact that so many items are packed outside a state's jurisdiction limits the effectiveness of any state's program and would seem to call for vigorous enforcement at the federal level and close cooperation with the states," said Turrell.

He said that a special committee he heads for the national Conference on Weights and Measures has attempted to get cooperation from trade associations on a voluntary basis in a move to eliminate weights and measures abuses.

MAY NEED LAW

"If cooperation is not successful," he said, "there will certainly be a need for legislation in this field."

Turrell said the Pennsylvania bureau has received excellent co-

operation from the office of Weights and Measures in the National Bureau of Standards but some federal agencies leave something to be desired.

As an example, said Turrell, the Agriculture Department, has a regulation requiring that all livestock scales be tested twice annually, yet it provides no equipment to do the job.

TO HOST 800 AT COOKOUT

ROCKVILLE CENTRE, N.Y. (AP)—Perry Grant is having a little cocktail Sunday for his close friends.

The police have been notified. The driveway has been coated for dancing. The caterer has been alerted. The champagne has been ordered. And the bands have been engaged.

The wealthy bachelor expects more than 800 guests for the event at his sumptuous estate on Long Island.

It all began three weeks ago when Grant, 25, escaped injury as his plane crashed in a Maryland Swamp. He got to thinking how lucky he was to have escaped.

"I decided to have some close friends in to help me celebrate being alive," Grant recalls. "But the word spread and now they're coming from all parts of the country."

Grant's family amassed a fortune in investments and the operation of a court stenography service, of which Grant now is general manager.

Grant said he notified local police in order to assure that the party is kept orderly and free from incidents of gate-crashing.

How much will the shindig set general manager.

Two Secret Army Killers Are Executed At Dawn

By DAVID MASON
PARIS (AP)—Two Secret Army killers were executed at dawn today—the first to be sent before a firing squad—but ex-Gen. Edmond Jouhaud remained in the death row he had shared with them.

The fate of Jouhaud, 57, deputy commander of the underground terrorist army, still rested with President De Gaulle. There was an indication De Gaulle would spare his life.

The first executions came a few hours after the Secret Army in a pirate broadcast in Algiers reported a deadlock in its talks with the Moslem nationalists and said, "We are again taking up war—particularly in the economic field."

"SCORCHED EARTH"
The broadcast advised women, children and older Europeans to leave Algeria to "free the men for the scorched earth campaign."

Southeast of Paris at Fort Du Trou D'Enfer (Hell Hole Fort) rifle volleys followed by two pistol shots—the customary coups de grace—rang out at 4:12 a.m. They brought death to Albert Dovecar, 37, a former sergeant in the Foreign Legion, and Claude Piegts, 27, a civilian.

They had been convicted of slaying a police commissioner in

Algiers on March 31, 1961. REFUSED BLINDFOLDS Dovecar and Piegts refused blindfolds as they faced the firing squad.

"Aim at the heart!" shouted Piegts. Just before the shots rang out, he cried: "Vive l'Algeria Francaise" (long live French Algeria).

"Vive l'Autriche (Austria) Vive la Legion!" shouted Dovecar.

The bodies were buried in nearby Thiais Cemetery.

Dovecar was a native of Yugoslavia and lived in Austria before joining the Foreign Legion in 1957. Piegts was an insurance agent in Algiers.

The two Secret Army killers were brought to the fort under heavy guard during the night from Fresnes Prison in Paris, where Jouhaud also is held. There was no advance announcement of who was being executed, and rumors spread that Jouhaud had faced the firing squad.

Jouhaud's lawyer, Yves Perrusset, spiked the rumors. Under French law the lawyer for a condemned man must be present at his execution and Perrusset was reached at his home after the rifle volleys cracked out.

"You see, I'm still here," he told a reporter. "It was not Jouhaud."

MARILYN AND STUDIO SICK

HOLLYWOOD (AP)—Marilyn Monroe says she's sick and her producers say they're sick and tired.

Marilyn, complaining of a virus, showed up only once in the first 15 days of shooting on "Something's Got to Give."

"Even when she does show up," said a high front-office source at 20th Century-Fox, "she isn't prepared for her role. She comes late and leaves early."

The studio source, who asked anonymity, hinted Wednesday that producers are ready to look for a replacement—possibly Kim Novak.

One of the few unconcerned people at the studio is co-star Dean Martin, who is calling himself "the highest paid golfer in history."

Marilyn herself couldn't be reached for comment.

UNIVERSITY PARK, Pa. (AP)—Four men, representing the interests of agriculture and industry, were re-elected to new three year terms Wednesday on the Board of Trustees at Pennsylvania State University.

The four are George M. Anthony of Strasstown and R. Johnston Gillan of St. Thomas, representing agriculture, and H. Thomas Hallowell Jr. of Jenkintown and

Rename Officials At Taneytown

Unopposed incumbents were reelected for mayor and city council Monday in Taneytown. Taneytown's Mayor Raymond J. Perry received 123 of 147 votes cast. Fifteen write-in votes were split between six other persons. The councilmen re-elected were: Delmont Koons, 102; Carel Frock, 90, and George Hemler, 72.

Award Contracts At Penn State U.

HARRISBURG (AP)—Contracts totaling \$238,500 were awarded by the General State Authority Wednesday for the second phase of a utility expansion project at Pennsylvania State University.

C. P. Wright and Co., of Cleveland, received a \$198,650 contract for piping and mechanical construction, while the Allegheny Electric Co., Inc., of Pittsburgh was given a \$39,850 contract for electrical work.

The project calls for changes in the roof framing of the existing boiler house and removal and relocation of existing piping, ductwork, equipment and platforms necessary for installation of two new steam generating units.

Seniors Give Up Washington Trip To Aid Classmate

GLEN LAKE, Mich. (AP)—Graduating seniors of Glen Lake Community High School have given up their scheduled class trip to Washington to help ease medical expenses for a cancer-stricken classmate.

The class voted to forego the

trip and turn over approximately \$700 raised by various school projects to the family of 17-year-old Duane Richardson. The youth, son of Mr. and Mrs. Eugene Richardson of Glen Arbor, was found to have cancer six weeks ago. He has been hospitalized.

CD ON ALERT

A brief Civil Defense alert was called for the Hunterstown area Tuesday afternoon when a resident reported a U. S. Air Force

plane circling the town and appeared to be in distress. The emergency was called off when a check at Olmsted AF base showed the plane was on a training mission and had orders to circle Hunterstown until given radio orders to proceed to another destination.

HERRING SERVICES

Funeral services for David R. Herring, 79, formerly of Biglerville, who died Sunday at the home

of Mr. and Mrs. Harry D. Gilbert, Gettysburg R. 2, were held on Wednesday at 2 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. Henry Early officiating. Interment was made at Flohr's Cemetery. The pallbearers were Alpha Warren, Jerry Spence, Edgar Woodward, Lloyd Herring Jr., Eugene and Glenn Herring.

If poached eggs have to wait before they are served, keep them in lukewarm water.

MINE BLAST INJURES FOUR

SALTSBURG, Pa. (AP)—Four miners remained hospitalized today with burns suffered in a gas explosion in a coal mine near this Indiana County town.

The blast occurred Wednesday inside the Seaton Coal Co. pit about two miles southwest of Saltsburg.

Listed in undetermined condition at Indiana Hospital was Victor Trenski of Avonmore.

Reported in satisfactory condition were Paul Legarsky, 35, of Apollo; Harry Woodring, 36, of Saltsburg R. 1, and Harold Snyder, 32, of Vandergrift R. 2.

Charles Valero, 49, of Harrison City, also was burned in the explosion and was released after treatment at Jeannette District Memorial Hospital.

State Mine Inspector G. S. Struble said the explosion may have been caused by a spark from machinery, but he said the actual cause was not immediately determined.

The mine, he said, was not damaged. The section where the blast occurred was sealed off.

M'CLOSKEY NOMINATED AMBASSADOR

WASHINGTON (AP)—Matthew H. McCloskey, 69-year-old Philadelphia contractor and Democratic fund raiser, has been nominated by President Kennedy as ambassador to Ireland—land of his forebears.

McCloskey, whose nomination was expected to go to the Senate today, would succeed Grant Stockdale, a Miami real estate man, on July 6.

Formal announcement of the nomination was made Wednesday by Kennedy.

PARTY TREASURER

McCloskey was Democratic party treasurer from 1955 until he resigned last April. By his own estimate he raised well over \$25 million. He is credited with starting the \$100-a-plate dinner, which has been of benefit to both Democrats and Republicans.

Active for 30 years in party politics, McCloskey will be honored at a testimonial dinner here Saturday night in recognition of his work on behalf of the Democratic National Committee. Kennedy probably will attend. Former President Harry S. Truman said he will participate.

McCloskey, born in Wheeling, W. Va., in 1893, the grandson of Irish immigrants, was two years old when his family moved to Philadelphia. He has lived in the city ever since, building up a big industrial and commercial construction enterprise which bears

600 Are Idled By Work Stoppage

PITTSBURGH (AP)—Some 1,600 employees at the nearby Bridgeville plant of Universal-Cyclops Steel Corp. were idled Wednesday by a work stoppage. The dispute reportedly centers around the refusal of eight employees to do jobs assigned by a supervisor.

The steel firm called the work stoppage a violation of the labor contract.

Sixty-seven workers were given three-day furloughs for setting up picket lines, the company said, and another employee was furloughed for five days as the instigator of the walkout Tuesday.

Other plant workers would not cross the picket lines Wednesday. The employees are represented by Local 178, United Steelworkers.

his name.

BEHIND THE SCENES

In politics, McCloskey always has moved behind the scenes. He says he never found it tough to raise money for political campaigns.

McCloskey says he organized the first \$100-a-plate dinner in 1934 just to show a local politician he could do it. The idea mushroomed and was picked up by both parties.

McCloskey was married in 1916 to Helen Dudley of Philadelphia. They have three daughters, three sons and 26 grandchildren. All live in the Philadelphia area.

SAYS STATE IS ENTITLED TO 90-DAY NOTICE

HARRISBURG (AP)—The Curtiss-Wright Corp. must give the state at least 90 days notice before disposing or sub-letting its 50,000 acres of land in Clearfield, Cameron and Elk Counties, says Atty. Gen. David Stahl.

Stahl issued the statement Wednesday on the heels of remarks by State Sen. Albert R. Pechan, R-Armstrong, claiming Curtiss-Wright is planning to dispose of some of the land for \$3.5 million.

Both Stahl and Forests and Waters Secretary Maurice Goddard, legal landlord for most of the land involved, said they had no knowledge—either officially or unofficially—of the reported transaction.

MUST GIVE NOTICE

If the firm has decided to sell the land it must give the Commonwealth 90 days notice both under law and as part of an agreement signed in 1955, Stahl explained.

He also said the state has the option to prior purchase of the land by matching the offering price of any bona fide potential purchaser.

The agreement was signed in 1955 after the General Assembly authorized the sale of 9,000 acres of land in the area to the Curtiss-Wright Corp. for \$22.50 an acre and permitted the state to lease 45,000 acres for 99 years at \$30,000 a year.

Stahl said the lease agreement

Would Disqualify Congress Candidate

EBENSBURG, Pa. (AP)—A hearing is scheduled in Cambria County Court June 26 on a petition by Atty. Donald J. Perry to disqualify Mayor George R. Walter of Johnstown as a candidate for congress on the Fair Deal Party ticket.

Perry, who defeated Walter for the congressional Democratic nomination from the 2nd district in the May 15 primary, filed the petition Tuesday.

Walter beat Perry for the Fair Deal Party nomination, five votes to one, with Walter's votes coming from absentee military ballots. Perry said the ballots were illegal because of the method of delivery. Cambria, Armstrong and Indiana Counties are included in the 22nd District.

Skindiver Drowns As Family Watches

NARROWSBURG, N.Y. (AP)—A 27-year-old New Jersey man drowned Wednesday while skin-diving in the Delaware River as his wife and two small children watched from a small boat.

The body of Robert Miller, of Butler, N.J., was pulled from 12 feet of water seven hours after he disappeared in the river near this New York community which borders the Pennsylvania state line.

Coroner Robert Jennings of Wayne County, Pa., ruled the death a drowning.

includes a restriction allowing Curtiss-Wright to sub-let the leased property to its subsidiaries with approval by the state. The agreement makes no mention of a third party leasing the property, the state official stated.

The land involved centers around Quehanna, near Clearfield County.

It was purchased by Curtiss-Wright initially as a research facility for aircraft engines. However, a decline in demand for aircraft engines for national defense has cut employment at the Quehanna facility to about 60 workers.

Pechan mentioned the possibility of Curtiss-Wright selling or sub-letting the land in a statement Monday in which he said he intended to spearhead a drive to bring new industry into the area.

He said industry could use part of the 50,000-acre site with the remainder turned into a hunting-fishing recreation area.

STREAMLINE TV WRITING ISN'T TOUGH

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—There's a television tale, possibly untrustworthy, about the prolific script-writer who turned out mystery stories on a production line basis.

His secret was to have his secretary hand him, every few days, three different objects—a fan, a marble and a burned-out flashlight bulb, for example. Then he would proceed to rip off a story around these clues.

Television through the seasons has streamlined the "instant plot" technique to a point where—at least from this viewer's observation post—the script writers can and do turn out their daily quota by writing a whole show around a given line of dialogue.

TRY FOR YOURSELF

It's really not hard. Just try some of the following tried, true and tired lines yourself. You may discover that you, too, have a future as a TV author.

"You owe me \$40,000, Miss Wadley-Jones, and I don't think your father would be very happy to hear you are a compulsive gambler. However, I know a way you can square things—I'll even burn the IOUs."

"I hope you're right in your diagnosis, doctor. But even if we do operate now, it will be touch and go."

"It doesn't matter what he has done, lieutenant. He is entitled to the very best defense we can give him."

"Staying in town long, friend? We don't cotton to strangers here much."

Really, there's nothing to it. Shirley Booth's "Hazel" climbed to the top of Nielsen's popularity list, followed closely by "The Gary Moore Show" and "The Andy Griffith Show" Wagon Train, "Gunsmoke" and "Bonanza," the three Westerns which have been leading the hit parade all season, dropped down in the list—maybe heralding the end of the sagebrush saga fad?

Recommended tonight: "Brenner," CBS, 9-9:30 (Eastern Daylight Time)—Summer reruns of a police story with Edward Binns and James Broderick; "Hazel," NBC, 9:30-10—Shirley Booth stars in just about the only program of the evening that is not a re-broadcast.

Whitsunday To Be Observed

Whitsunday, the birthday of the church, will be observed in St. John Lutheran Church, Abbottstown, Sunday, with a service of baptism for children at 10:30 a.m. The Church School will meet at 9:45 a.m. The Youth Choir will sing.

The mother and daughter banquet will be held Saturday evening at 6 o'clock in the United Church of Christ.

In the Adult Department of the Church School next Sunday, the Junior Department will present a part of the devotional program.

All teachers and assistants of the Adult Department are asked to meet Sunday at 7:30 p.m. to discuss the adoption of elective courses for use in that department next fall.

The annual community Vacation Church School will be held June 11 to 15 and 18 to 22 with sessions from 9 to 11 o'clock each morning.

2 AGENCIES TO MOVE FROM CAPITOL HILL

HARRISBURG (AP)—Two state agencies are planning to move out of the main Capitol Building next month, marking the first step in state efforts to provide more room for the General Assembly.

The agencies are the Department of Mines and Mineral Industries and the Pennsylvania State Police.

Both will wind up in privately owned quarters off Capitol Hill. The move is expected to give House and Senate lawmakers an additional 4,700 square feet of prime office space on the first floor of the ornate Capitol Building.

Other departments and agencies will be shunted to upper floor offices vacated by the two departments.

It's all part of a continuing push by the space-minded legislature to secure more office space for room for its committees and members.

When the shift is completed, only the legislature, Gov. Lawrence's offices and parts of the Justice and Property and Supplies Departments will occupy the building.

The Mines Department, occupying part of the third and fourth floors of the south wing, will take up private quarters in the new building of the Pennsylvania State Education Association, directly across the street from the Capitol.

The 7,000 square feet of space on a floor and a half of the new building will cost the Commonwealth annual rental of \$25,000.

The Property and Supplies Department, John E. Peacock, Lancaster Troop B, transferred to Detective Bureau and retained at the same to Washington Troop B; and Tpr.

NEW MEETING ON POTOMAC BASIN PLANS

MARTINSBURG, W.Va. (AP)—Another meeting to discuss proposed development of the Potomac River Basin was scheduled tonight in the Berkeley County Court-house.

At a similar hearing Wednesday night in Hagerstown, Md., some 100 residents of Washington, Allegheny and Garrett Counties, Md. and nearby Pennsylvania voiced unanimous opposition to the proposal.

The meetings, sponsored by the U.S. Corps of Army Engineers, are to probe feelings on a proposal by the corps which calls for construction of 16 large dams and 418 smaller reservoirs along the Potomac River to supply water to metropolitan areas around Washington, D.C. The project, if approved, would be carried out over a 50-year period at a cost close to \$500 million.

WOULD COVER CANAL

The proposed dams and watersheds would inundate some 35 miles of the old Chesapeake and Ohio Canal as well as 15,000 acres of land in Western Maryland and 11,600 acres of land in Virginia.

At Wednesday night's hearing, Col. Warren F. Johnson of the Engineers told those present that he could not guarantee additional land would be made available for recreational purposes to replace land which would be inundated by the dams.

Johnson also said he could not guarantee that areas around the proposed reservoirs would not be made worthless for recreational purposes by mud flats, which could develop when reservoir levels are lowered in the summer.

Under questioning, representatives of the U.S. Public Health Service, the Department of Agriculture and the Department of Interior admitted their agencies were not yet ready to endorse the project—either in its entirety or in part—until further study.

Seize 51 Illegal Gambling Machines

MOUNT CARMEL, Pa. (AP)—Two state police detectives raided a garage in Mount Carmel Wednesday, confiscating what they described as 51 illegal slot and pin-ball machines.

The raid was conducted by Alex Baceski and Alex Rudville of the Montoursville State Police Barracks.

No arrests were made, Baceski said the machines were owned by the Ruginis Novelty Co. of Mount Carmel.

The machines were taken to the Northumberland County sheriff's office for further disposition.

FIREMEN TO BID ON LAND

MRS. LESTER BOWMAN

McSHERRYSTOWN — The McSherrystown Fire Co. held its monthly meeting Wednesday night with President Lawrence Leonard presiding. Chairman Gene Murren reported after all bills are paid the company will realize a profit from the carnival of \$883.99. Directors paid \$571.59 for monthly bills. Chief James A. Noel reported the company has received new airpact masks.

Charles J. McMaster and William Sunbury were elected to active membership.

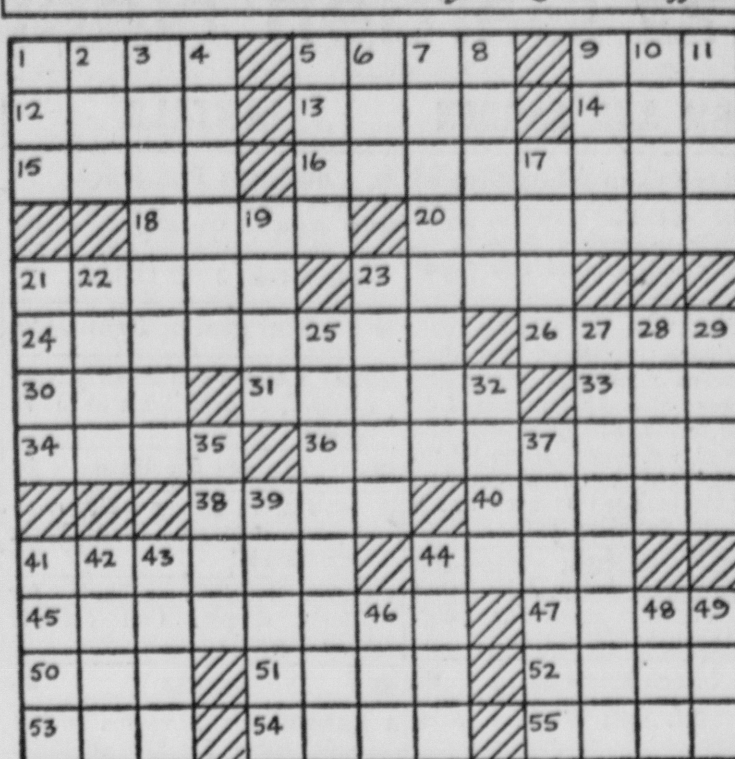

The company authorized officers to bid on land for carnival ground. The possibility of having a fire school also was considered. Fire police reported they will have a dance on June 15.

The rescue truck just purchased has been put into service. The fire company will sell its old truck through sealed bids.

The 200th anniversary of the town and the part that the fire company will play in that celebration were discussed. The Relief Association paid the death claim of John J. Little. Next meeting will be held a week later than usual, Wednesday, July 11, at 8 p.m.

bersburg, Pa., and Hancock, Md., have produced similar reactions.

MIDDIE HOSTS AGED WOMEN

ANNAPOLIS, Md. (AP)—"My trip here has been just wonderful... beyond words," said 70-year-old Mrs. Lynedon Paul Noble of Wilkinsburg, Pa., after being the guest of a Naval Academy midshipman from Pennsylvania during June week activities.

Mrs. Noble was taking in her first June week at the invitation of First Classman (senior) Edward S. Little of Rosemont, Pa., near Philadelphia. Little was one of 780 who graduated Wednesday from the academy.

"(Little) is the sort of young fellow that all Americans should be proud of," said Mrs. Noble who attended the social events, the hops and dances.

The meeting between Mrs. Noble and Little was the outgrowth of a letter she wrote last December to Rear Adm. John F. Davidson, academy superintendent, asking permission to get on the grounds to view the parades and ceremonies.

"I... never expect to have the honor of knowing a midshipman who could invite me," she wrote.

After an exchange of letters between Navy officials and Mrs. Noble, she received a letter from Little which said:

"It would be unthinkable for a fellow Pennsylvanian to go unescorted during this very special week. It would be a real pleasure and honor for me to be your personal escort during your stay."

PRINCESS WILL NOT MAKE FILM

NICE, France (AP)—Princess Grace of Monaco says she definitely will not play in Alfred Hitchcock's film "Marnie." She indicated she probably has retired from the movies permanently.

The former Grace Kelly announced two months ago that she would make her return to the screen this summer in the Hitchcock movie. Later the British director said he had postponed the production.

The newspaper Nice Matin, published an interview today with Princess Grace.

"On the one hand I will not have time and on the other I have been definitely influenced by the reaction provoked in Monaco at the announcement of my participation in the making of this film," she said.

"Such a 'vacation' devoted to the cinema would have been amusing for me, but under the condition that the prince (her husband, Prince Rainier) and our children be present. That is not possible, and I would not care to go without them. Making a film takes much time nowadays and 'Marnie' would take longer than I had thought."

Asked if she had definitely decided to abandon film making forever, the princess said:

"I would not like to use the word 'definite' but it is evident that the same problems would arise."

WASHINGTON (AP)—Senate Republicans poked fun Wednesday at the White House cancellation of its New York Herald Tribune subscriptions and offered a substitute.

Sen. Bourke B. Hickenlooper, R-Iowa, Senate GOP Policy Committee chairman, said after a meeting of the group that this resolution had been adopted unanimously.

"In view of the cancellation of a certain newspaper subscription by the White House recently, we have decided to make available to the White House press section the Senate Republican policy memo, a strictly factual weekly summary of important political developments particularly designed for the convenience of speed readers."

LEWIS STRICKEN

PITTSBURGH (AP)—Art (Pappy) Lewis, top scout for the Pittsburgh Steelers, spent a quiet night but remained in critical condition today from a heart attack.

The 50-year-old Lewis, former head football coach at West Virginia University, was admitted to St. Clair Memorial Hospital Monday following the attack at his home.

At first he was reported in fair condition but a hospital aide later said Lewis was placed on the critical list.

Duty, Honor, Country:

General Douglas MacArthur, Without Prepared Text, Delivers Stirring Americanism Talk To Cadet Corps

On May 12, General Douglas MacArthur went to West Point, N. Y., where he was presented the Sylvanus Thayer award at the United States Military Academy. He then reviewed the corps of cadets and addressed them, speaking without a prepared text. We were so impressed with his address that we believe readers of The Times will enjoy reading what he had to say. (Ed. Note).

DUTY, HONOR, COUNTRY:

Those three hallowed words reverently dictate what you want to be, what you can be, what you will be. They are your rallying point to build courage when courage seems to fail, to regain faith when there seems to be little cause for faith, to create hope when hope becomes forlorn.

Unhappily, I possess neither that eloquence of diction, that poetry of imagination nor that brilliance of metaphor to tell you all that they mean.

The unbelievers will say they are but words, but a slogan, but a flamboyant phrase. Every pedant, every demagogue, every cynic, every hypocrite, every troublemaker and, I am sorry to say, some others of an entirely different character, will try to downgrade them even to the extent of mockery and ridicule.

MOLD FOR FUTURE

But these are some of the things they build: They build your basic character. They mold you for your future roles as the custodians of the nation's defense. They make you strong enough to know when you are weak, and brave enough to face yourself when you are afraid.

They teach you to be proud and unbending in honest failure, but humble and gentle in success; not to seek the path of comfort, but to face the stress and strain of difficulty and challenge; to learn to stand up in the storm, but to have compassion on those who fall; to master yourself before you seek to master others; to have a heart

GENERAL MACARTHUR

that is clean, a goal that is high; to learn to laugh, yet never forget how to weep; to reach into the future, yet never neglect the past; to be serious, yet never take yourself too seriously; to be modest so that you will remember the simplicity of true greatness; the open mind of true wisdom; the meekness of true strength.

SENSE OF WONDER

They give you a temperate will, a quality of imagination, a vigor of the emotions, a freshness of the deep springs of life, a temperamental predominance of courage over timidity, an appetite for adventure over love of ease.

They create in your heart the sense of wonder, the unending hope of what next, and the joy and inspiration of life. They teach you in this way to be an officer and a gentleman.

And what sort of soldiers are those you are to lead? Are they reliable? Are they brave? Are they capable of victory?

Their story is known to all of you. It is the story of the American man-at-arms. My estimate of him was formed on the battlefields

many, many years ago, and has never changed. I regarded him then, as I regard him now, as one of the world's noblest figures; not only as one of the finest military characters, but also as one of the most stainless.

His name and fame are the birthright of every American citizen. In his youth and strength, his love and loyalty, he gave all that mortality can give. He needs no eulogy from me, or from any other man. He has written his own history and written it in red on his enemy's breast.

ENDURING FORTITUDE

In 20 campaigns, on a hundred battlefields, around a thousand campfires, I have witnessed that enduring fortitude, that patriotic self-abnegation and that invincible determination which have carved his statue in the hearts of his people.

From one end of the world to the other, he has drained deep the chalice of courage. As I listened to those songs in memory's eye, I could see those staggering columns of the first World War, bending under soggy packs on many a weary march, from dripping dusk to drizzling dawn, slogging ankle-deep through mire of shell-pocked roads; to form grimly for the attack, blue-lipped, covered with sludge and mud, chilled by the wind and rain, driving home to their objective, and, for many, to the judgment seat of God.

I do not know the dignity of their birth, but I do know the glory of their death. They died unquestioning, uncompaining, with faith in their hearts, and on their lips, the hope that we would go on to victory.

Always for them:

DUTY, HONOR, COUNTRY.

Always their blood, and sweat, and tears, as they saw the way and the light. And 20 years after, on the other side of the globe, again the filth of dirty foxholes, the stench of ghostly trenches, the slime of dripping dugouts, those boiling suns of the relentless heat, those torrential rains of devastat-

tating storms, the loneliness and utter desolation of jungle trails, the bitterness of long separation of those they loved and cherished, the deadly pestilence of tropical disease, the horror of stricken areas of war.

Their resolute and determined defense, their swift and sure attack, their indomitable purpose, their complete and decisive victory — always victory, always through the bloody haze of their last reverberating shot, the vision of gaunt, ghastly men, reverently following your password of duty, honor, country.

You now face a new world, a world of change. The thrust into outer space of the satellite spheres and missiles marks a beginning of another epoch in the long story of mankind. In the five or more billions of years the scientists tell us it has taken to form the earth, in the three or more billion years of development of the human race, there has never been a more abrupt or staggering evolution.

BOUNDLESS FRONTIER

We deal now not with things of this world alone, but with the illimitable distances and yet unfathomed mysteries of the universe. We are reaching out for a new and boundless frontier. We speak in strange terms of harnessing the cosmic energy, of making winds and tides work for us, of the primary target in war, no longer limited to the armed forces of an enemy, but, instead, to include his civil population; of ultimate conflicts between a united human race and the sinister forces of some other planetary galaxy; such dreams and fantasies as to make life the most exciting of all times. And through all this welter of change and development your mission remains fixed, determined, inviolable. It is to win our wars. Everything else in your professional career is but corollary to this vital dedication. All other public purpose, all other public projects, all other public needs, great or small, will find others for their accomplishments; but you are the ones who are trained to fight.

Yours is the profession of arms, the will to win, the sure knowledge that in war there is no substitute for victory, that, if you lose, the nation will be destroyed, that the very obsession of your public service must be DUTY, HONOR, COUNTRY.

WAR GUARDIANS Others will debate the contro-

versial issues, national and international, which divide men's minds. But serene, calm, aloof, you stand as the nation's war guardians, as its lifeguards from the raging tides of international conflict, as its gladiators in the arena of battle. For a century and a half you have defended, guarded and protected its hallowed traditions of liberty and freedom, of right and justice.

Let civilian voices argue the merits or demerits of our processes of government: Whether our strength is being sapped by deficit financing indulged in too long, by federal paternalism grown too mighty, by power groups grown too arrogant, by politics grown too corrupt, by crime grown too rampant, by morals grown too low, by taxes grown too high, by extremists grown too violent; whether our personal liberties are as firm and complete as they should be.

These great national problems are not for your professional participation or military solution. Your guidepost stands out like a tenfold beacon in the night:

DUTY, HONOR, COUNTRY.

You are the lever which binds together the entire fabric of our national system of defense. From your ranks come the great captains who hold the nation's destiny in their hands the moment the war tocsin sounds.

LINE NEVER FAILED

The long, gray line has never failed us. Were you to do so, a million ghosts in olive drab, in brown khaki, in blue and gray, would rise from their white crosses, thundering those magic words: DUTY, HONOR, COUNTRY.

This does not mean that you are warmongers. On the contrary, the soldier above all other people prays for peace, for he must suffer and bear the deepest wounds and scars of war. But always in our ears ring the ominous words of Plato, that wisest of all philosophers: "Only the dead have seen the end of war."

The shadows are lengthening for me. The twilight is here. My days of old have vanished — tone and tint. They have gone glimmering through the dreams of things that were. Their memory is one of wondrous beauty, watered by tears and coaxed and caressed by the

COURT RULING SHAKES MILK MARKET PLAN

WASHINGTON (AP)—An Agriculture Department official says efforts will be made to amend regulations governing the marketing of milk in 83 metropolitan areas to comply with a U.S. Supreme Court ruling.

Herbert L. Forest, director of the department's Milk Marketing Division, said after meeting with department officials Tuesday that the court's decision raises serious questions about operation of the milk marketing program.

The court held Monday, by a 6-1 vote, that producers from outside a milk marketing area do not have to pay money into a fund for distribution to producers within the area when they sell in the area.

MAY FIND OTHER WAYS

Forest said 23 of the nation's 83 milk marketing areas have regulations in their milk marketing agreements similar to the one struck down by the court. He said the ruling raises serious questions about agreements in the other areas, too.

The protest had been brought by the Lehigh Valley Co-Op of Lehigh Valley, Pa., and Suncrest Dairy of Pennsylvania, both of which objected to making payments into the fund when they

smiles of yesterday, I listen then, but with thirty ear, for the witching melody of faint bugles blowing reveille, of far drums beating the long roll.

In my dreams I hear again the crash of guns, the rattle of musketry, the strange, mournful mutter of the battlefield. But in the evening of my memory I come back to West Point. Always there echoes and re-echoes: DUTY, HONOR, COUNTRY.

Today marks my final roll call with you. But I want you to know that when I cross the river, my last conscious thoughts will be of the corps, and the corps, and the corps. I bid you farewell.

Call Extra Police To Quell Jews, Fascists Rome Fighting

ROME (AP)—Extra police patrolled Rome's Jewish quarter after two nights of street fighting between Jews and Fascists.

Six civilians and several policemen were hurt in the skirmishes Monday night. Two more youths and five policemen were injured Tuesday night when authorities used tear gas to break up the scuffles.

The fighting broke out as Rome was in the heat of a municipal election campaign prior to voting Sunday.

On Monday night two cars of campaigners of the Italian Social Movement, Italy's postwar Fascist party, drove through the streets of Rome's former ghetto between the ruins of the Roman Forum and the Tiber River. The area still has many Jewish residents.

FIGHTING BREAKS OUT

Both cars were decorated with party symbols. Several pedestrians halted the cars. Fighting with sticks and stones broke out.

Party officials later said the

cars had strayed into the narrow twisting streets of the former ghetto by mistake when the drivers lost their way. Leftists claimed the cars had gone into the quarter to provoke trouble.

The Italian Social Movement had an election rally Tuesday night across the river from the Jewish quarter. After the rally, a string of six party-decorated automobiles drove across the Tiber and past Rome's synagogue on the river bank at the edge of the quarter.

Young Jews stoned the cars. Party officials claimed the cars were only going home from the rally and only skirted the Jewish section. The independent newspaper Il Messaggero suggested the cars could have taken another route.

Police said the drivers of the cars tried to charge their autos into the stone-throwing Jewish youths. Truckloads of Carabinieri, on duty nearby following the previous clashes, quickly dispersed the skirmishing youths with tear gas.

HERE'S WHY!

Memorandum
ALL STORE MANAGERS:
Gentlemen:
Our buyers, in the course of their customary diligent efforts, have had the remarkable good fortune in uncovering buys greater than usual recently!
So great were these opportunities that we find that rather than waiting till we have sold our current stock, we decided to reduce the prices of our existing inventory of fine Gilcrest diamond rings, based upon current purchases and replacement cost, rather than the original cost as usual.
Therefore we direct you to reduce prices to 66 2/3% of the previous retail and present them as such to your customers as of now!
We realize that this is the height of the diamond buying season and that you could, in the normal course of selling, dispose of a large part of your inventory at regular prices. But such is the nature of our new purchases that we wish to take no chances. Every diamond in your stock must go and must go as soon as possible. Take any necessary steps to bring this about!

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes important things that are extra on many other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think.

JFK Tells Cadets They Be Qualified To Win Wars, But Also To Deter Conflict

WEST POINT, N.Y. (AP)—President Kennedy told West Point's newly commissioned officers Wednesday they must be qualified not only to fight and win wars but also to deter conflict.

Kennedy said at the U.S. Military Academy commencement that "basic problems facing the world are not susceptible of a military solution."

In remarks prepared for the graduation of 601 cadets, the President said U.S. forces must perform more than military roles in their future assignments. He described these "as a complement to our diplomacy—as a deterrent to our adversaries—as a symbol to our Allies—as ambassadors of good will and good works around the globe."

Kennedy flew to West Point from Washington to address the academy's graduation exercises, thereby equalizing his attention to the nation's older service academies. He spoke last year to the Navy graduates in Annapolis.

"DETER WAR"

The chief executive offered this counsel to the cadets:

"You will need to understand the importance of military power and also the limits of military power—to decide when arms should be used to fight and when they should be used to prevent a fight—to determine what represents our vital interests and what is only marginal. Above all, you will have a responsibility to deter wars as well as to fight and win them."

Kennedy said the wide range of military responsibilities now required capacity for a wholly different kind of force, leadership and training. It is misleading, he declared, to call this "the nuclear age" or to contend that national security rests on a capacity for "massive retaliation."

Since World War II, Kennedy recalled, men have fought and died in Korea, Malaya, Greece, the Philippines, Algeria, Cuba, Cyprus, and the Indo-Chinese peninsula.

"EXHAUSTING ENEMY"

In all those places, he said, they have waged war without massive weapons—war in which major forces were guerrillas, subversives, insurgents and assassins.

These have been battles in which victory was bought by "eroding and exhausting the enemy instead of engaging him," the President said.

Kennedy called this unconventional type of warfare uniquely adapted "to what are strangely called 'wars of liberation,'" the term used by Soviet Premier Khrushchev to justify Russian interference in the internal affairs of other nations.

Without mentioning Khrushchev or the Russians, Kennedy said the ulterior motive behind this eroding and exhausting form of warfare was to undermine efforts of newly emerging nations to achieve progress and freedom.

Beyond acquiring the ability to engage in the new aspects of combat, Kennedy said the freshly commissioned lieutenants must face equally pressing challenges in the field of diplomacy and economics.

"Whatever your position," Kennedy said, "the scope of your decisions will not be confined to the traditional tenets of military training and competence." "There is no single slogan to guide the military," the President said. He recalled that Ernie Pyle, the World War II columnist, searched in vain for a quick phrase to describe what U.S. soldiers were fighting for. Finally, Kennedy said Pyle concluded they at least were "fighting for each other."

STEEL ORDERS BUILDING UP

NEW YORK (AP)—Although steel production still declines, orders are picking up, the Iron Age said Wednesday.

The metalworking weekly said buying for July delivery may be a little stronger than industry leaders expected.

Because shipments and output are still falling off, the recent slim boost in ordering was needed to support operations at the present 50 to 55 per cent of capacity range, the magazine said.

"While some mills are encouraged by the recent July ordering,

SAINT JOSEPH STUDENT GETS SCHOLARSHIP

Miss Philomena Liscio, New Haven, Conn., who graduated today from St. Joseph College, Emmitsburg, has been appointed to a teaching assistantship in the Department of Chemistry at Catholic University, Washington, D. C. The university award includes a scholarship for graduate study in chemistry.

The announcement of the appointment was made by Sister Hilda, president of the college, and will be effective in September. Miss Liscio will serve during the summer as a research assistant in the Department of Chemistry, under a second award which she received from Catholic University. The St. Joseph College student-scientist had also received a teaching assistantship from the Department of Chemistry at St.

others remain pessimistic about next month's sales," it added.

Large steel users still are relying heavily on large stockpiles built up in the first three months of the year before a new wage agreement was signed, lifting the threat of a mid-summer strike.

JOHN'S UNIVERSITY, NEW YORK. ACTIVE IN SCHOOL

Active as an undergraduate in the Dramatic Club and the Children of Mary Society, the leading campus organization, Miss Liscio was secretary of the student government of the school. For the past two years, she has participated in a National Science Foundation grant, in association with cancer research, which had been led to the St. Joseph College Department of Chemistry. She is a daughter of Mrs. Maria Liscio and a graduate of Sacred Heart Academy, Hamden, Conn., where she was active in a variety of student activities.

Restrictions On Goodman Eased

SOCHI, Soviet Union (AP)—Apparently prodded by the U.S. Embassy, Soviet authorities relaxed their restrictions on Benny Goodman Tuesday night and allowed American companies to film and record a concert here by his band. The Soviets had stopped an RCA Victor recording team and an NBC television crew from taping a performance by Goodman and his band Monday night in this Black Sea resort town.

Officials relented after Goodman and a U.S. Embassy representative accompanying the party made repeated calls to Moscow.

SEOUL RIOTS AGAINST U.S.

SEOUL, South Korea (AP)—A thousand students defied a martial law ban on demonstrations Wednesday and marched on the U.S. Embassy to protest the beating of a Korean by two American Army officers.

A triple row of police jeeps barricaded the front entrance to the embassy, and the students withdrew after an appeal by Maj. Gen. Kim Chin-wi, commander of the Seoul garrison. Then they split into small groups and tried to reach the embassy through alleys and side streets.

Again they were met by police, who arrested more than 100 of the demonstrators. There was no violence.

The U.S. Army has charged two lieutenants—Davis W. Swanson, 25, of Galesburg, Ill., and Thomas M. Wilde, 25, of Wadsworth, Ill.—with severely beating a South Korean caught stealing at a front line base late last month.

Seoul newspapers have reported two other recent incidents of Koreans being beaten by American servicemen.

Cincinnati had 29 homers in its first 26 games. Nine were hit by Vada Pinson and seven by Wally Post.

Says Ex-Soldier Is Mentally Ill

KANSAS CITY, Kan. (AP)—A federal judge ruled Tuesday that ex-soldier George John Gessner is mentally ill and cannot stand trial now on a charge of giving nuclear secrets to the Russians.

Judge Arthur J. Stanley Jr. sent Gessner, 25, back to the U.S. Medical Center at Springfield, Mo., for treatment.

Gessner, formerly of Homestead, Pa., is accused of telling officials of the Soviet Embassy in Mexico City about the firing systems of two gun-type nuclear weapons.

Gessner went to Mexico City after "escaping" Dec. 7, 1960, from Ft. Bliss, Tex., where he was a nuclear weapons maintenance specialist. He served a term at Ft. Leavenworth, Kan., for desertion.

First Suits Filed In Paris Tragedy

ATLANTA, Ga. (AP)—Air France has been accused in a lawsuit of willful misconduct and gross negligence in Sunday's crash of a jetliner that killed 130 persons in France.

The suit, seeking \$250,000 damages, was filed Tuesday in U.S. District Court by Drs. Hope Harvey Payne Jr. and Robert Payne,

DR. WM. BEEBE IS DEAD AT 84

PORT OF SPAIN, Trinidad (AP)—Funeral arrangements were being completed for Dr. William Beebe, 84-year-old naturalist, author and explorer who won fame for his daring dives to the ocean floor in a bathysphere.

Dr. Beebe died Monday night at the tropical research station he founded here in 1945 and presented to the New York Zoological Society, with which he had long been associated. He had been in ill health for some years.

Beebe was best known for his ocean descents in the 1930s. His drop to the Atlantic floor off Bermuda in 1934, a depth of 3,028 feet, was a record that stood for nearly 20 years.

To the scientific world Beebe was also known for nearly 100 animals and birds named after him and for his 22 widely translated books and hundreds of scientific papers.

both Atlanta dentists. They are sons of Annette Snelson Payne, 66, a victim of the crash. The suit claims the chartered aircraft, a Boeing 707, was overloaded with passengers, baggage and fuel and was not airworthy.

ADVERTISE IN THE TIMES

Secretary Korth Annapolis Speaker

ANNAPOLIS, Md. (AP)—Secretary of the Navy Fred Korth described today's military man as one with unlimited knowledge, imagination, courage and patriotism.

Korth, in a commencement address to 778 midshipmen graduating from the U.S. Naval Academy today, added that the ingredients for success, regardless of the advances in techniques and skills, have not changed.

He said they were: "honor and integrity; idealism and self-sacrifice; self-discipline and self-reliance; loyalty and devotion; humility and faith."

The secretary was principal speaker for the Naval Academy's 112th graduation exercise. On hand to swear in new officers were high-ranking officials of the Navy, Marine Corps, Army and Air Force.

Attending the convention of the Central Pennsylvania Synod of the United Lutheran Church at Gettysburg College on Monday, Tuesday and Wednesday were the Rev. Lawrence H. Roller, pastor; the Rev. David S. Kammerer, pastor emeritus; Charles Rabenstein, vice president of the church council, and an exchange student from Iceland, Einar Sigurbjornsson, all of St. Paul's Lutheran Church.

Service to the community

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next

door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

First Chinese Family Here Under New Admissions Plan

By RICHARD CICCONE

CHICAGO (AP)—The first family of Chinese refugees admitted under President Kennedy's new emergency admission program arrived in Chicago Wednesday after a flight from Hong Kong.

The new arrivals are See Suen, 45, his wife Yung Soe-san, and three of their four children. They have been trying to come to the United States since applying for entry in 1955.

"This is the happiest day of my life," Eng announced through an interpreter.

"I am very happy that President Kennedy issued the refugee act and gave me and my family a chance to come to America to see my father and to take care of his business."

TO RUN RESTAURANT

Eng plans to assume management of a restaurant operated for many years in suburban Park Ridge by his father, Frank Jing Eng, 79. The elder Eng, critically ill in a hospital, left China in 1916 and had never seen his son until 1959 when he visited Hong Kong.

A group of relatives, including the elder Eng's second wife, Yuk-Ping, were at O'Hare International Airport to meet them. Eng and his wife do not speak English. Their children are able to speak a little.

The Engs' eldest child, 18-year-old Leng-Ching, was not allowed to accompany the family because he is suffering from tuberculosis. But the U.S. consulate general in Hong Kong gave the youth a special entry permit today, and he will fly to Chicago Wednesday.

TO BE CITIZENS

The other children are two daughters, Mee-Har, 16, and Mee-Won, 12, and a son, Leng-Hun, 9. All of the family members plan to become American citizens.

The Engs are among 19,000 refugees from Red China who have filed applications with the consulate general since 1954. None of the several thousand who will be admitted under the current program are from the mass of 70,000 who stormed Hong Kong's border last month, prompting Kennedy

to open the gates to the United States a bit.

Justice Department officials said Eng, a former landowner in the Toishan district of China, was imprisoned by the Communists. He fled to Canton after he was released in 1953 from a work camp and later smuggled his family to Hong Kong. He worked there as a salesman.

Select Firm For Road Survey Work

HARRISBURG (AP)—The State Highways Department hired a Harrisburg engineering firm Tuesday to do preliminary survey work on road projects in McKean, Centre, Clearfield and Potter Counties.

Berger Associates, Inc. will do the job for an estimated fee of \$86,500, department aides said. The McKean County project calls for a study and report on a relief route for Bradford and adjacent areas along Route 219.

The report will include two alternate locations with estimates of construction and right-of-way costs. The department will determine the final location when the study is completed.

2 COUNTIANS IN GRAND SLAM 1

Pfc. John R. Staub, son of Mr. and Mrs. Francis V. Staub, R. 5, and S/S Robert B. Black, son of Mr. and Mrs. Jacob B. Black, Bendersville, recently participated in Grand Slam I, a five-day Centray Army Group (CENTAG) exercise in Germany.

Grand Slam I involved headquarters units from the German, French and U. S. Armed Forces which are assigned to CENTAG, and was designed to test operational plans and procedures of these forces. CENTAG is a major element of NATO in Europe.

Staub is a mechanic at the 58th Evacuation Hospital in Idar-Ober-

stein, Germany. He entered the Army in September, 1959, and arrived overseas in October, 1960. The 18-year-old soldier attended Delone Catholic High School, McSherrystown.

Black is a dental specialist in the 766th Medical Detachment in Baumholder, Germany. He entered the Army in September, 1950, and arrived overseas, on this tour of duty, in July, 1960.

summer on a new \$20 million tunnel and four-lane tunnel by-pass along the Pennsylvania Turnpike in western Pennsylvania.

The two projects—located between the Bedford and Donegal interchanges—were officially approved on Tuesday by the Turnpike Commission.

It will be the Turnpike's first major construction program since the 110-mile northeast extension of

the toll road was completed in 1957.

The new tunnel is to be built at Allegheny Mountain next to the present two-lane tunnel. The present tunnel will be closed and modernized after the new tunnel is completed.

When both tubes are in service, each will provide one-way traffic through the mountain, located between the Somerset and Bedford

interchanges.

The four-lane by-pass will be constructed around Laurel Hill Mountain. Turnpike officials said they found it would be cheaper to build the by-pass instead of a new tunnel. Laurel Hill is located between Donegal and Somerset.

Don Mossi of Detroit didn't hit one batter in 240 innings last season. He walked only 47.

Hugh D. Wells, Arendtsville, a civilian employee at the Carlisle Barracks, was recently awarded \$150 for sustained superior performance.

Roger Maris had the honor of hitting the first home run into the upper stands of the new Washington, D. C. Stadium.

STATE HOLDS CONFERENCES ON WELFARE

HARRISBURG (AP)—The State and Local Welfare Commission is planning three more meetings with county leaders this month in its efforts to determine where welfare programs can best be operated—at the state or local level.

Stanley J. Brody, executive secretary of the commission, said the future meetings will be similar to an informal session held Wednesday with officials of seven of the state's nine third-class counties.

The sessions are scheduled for June 12 in Harrisburg for officials of fourth-class counties, June 15 in Pittsburgh for fifth and sixth class county leaders and June 18 in Harrisburg for officials of seventh and eighth-class counties.

READY TO ACCEPT

Commissioners from the seven third class counties went on record Wednesday as being ready to accept responsibility for administering a unified state welfare program.

Brody said the commissioners came up with two recommendations for administering welfare programs.

One of the proposals called for larger counties—first through fifth class—to administer the program on a county level. The other recommendation proposed that sixth, seventh and eighth class counties be combined into a single region and operated on a state level.

AT SEVERAL LEVELS

The smaller regions would appoint county personnel to a regional advisory board to represent them on the state level.

The commissioners also saw a definite need for a unified welfare program which would include public assistance and child welfare, Brody said.

Child welfare currently is administered at the county level, he explained, while public assistance is operated on a state level.

The commissioners said they were ready to accept administrative responsibilities of the public assistance program, but could not assume the financial responsibility.

SUGGEST EARMARKING

Instead, they recommend that a specific tax fund be earmarked for use in assuring continuity of the assistance program—similar to the gas tax which is used for financing highway construction and the sales tax which is used for education.

The commissioners agreed that the state should set the standards for the programs and also create civil service positions to be filled by county appointees, Brody said.

The State and Local Welfare Commission is holding the conferences to supplement testimony received at a series of hearings throughout the state on the proper division of welfare responsibilities.

WILL PROBE FEE SPLITTING

HARRISBURG (AP)—The State Real Estate Commission hopes to open hearings next month in connection with reports that Turnpike Commissioner John F. Byrne split fees illegally in a recent land deal in Philadelphia.

Commission Chairman John J. Turchi said Wednesday, Byrne, a licensed realtor, reportedly paid John J. Fitzpatrick \$7,550 for assisting him in purchasing land for the Liberty Bell Trotting track in northeast Philadelphia.

State law prohibits such splitting of fees with unlicensed personnel, Turchi noted.

Fitzpatrick, former sergeant-at-arms of the Philadelphia City

Tuesday was the last day of kindergarten for the children of Mrs. J. B. Collins' kindergarten who received their diplomas at graduation exercises May 29.

OUSTED AIDE TAKES STAND AT HEARING

WASHINGTON (AP)—James T. Ralph, ousted agriculture Department aide, takes the witness stand today as a House subcommittee resumes its hearings on the Billie Sol Estes case after a week's pause.

The subcommittee, headed by Rep. L. H. Fountain, D-N.C., is investigating how Estes built up a huge grain storage empire. It and other elements of the Texas operator's holdings have collapsed amid charges of fraud and theft.

William Morris, another dismissed Agriculture Department aide, will follow Ralph to the stand Friday, it was learned. Next week the subcommittee is expected to start calling executives of the Commercial Solvents Co., the firm which bankrolled Estes' over-extended dealings in liquid fertilizer in West Texas.

VOLUNTEERED TO TALK

Ralph, 36, came to Washington with the Kennedy administration from an agricultural job in California and was appointed assistant secretary of agriculture.

When the Estes scandal broke Ralph volunteered to testify before

Council, is not a licensed realtor. Turchi said a definite hearing date will be announced after the commission completes its investigation of the Liberty Bell land transaction.

A Lovelier You

By MARY SUE MILLER

TEEN USES HEAD TO SAVE FEET. Why do so many teens have outsized feet and legs? The reasons given range from over-emphasis on food and athletics to underemphasis on proper posture and footwear.

Could be that there's some truth in each reason. But for today let's investigate the footwear factor.

For several years now teens have been addicted to broken-down "sneakers" and loafers. This was part of a fad, one that called for the studied, sloppy look.

Fortunately the fad is on the way out but unhappily the results, at the ground level, linger on. Calloused heels and abnormally wide feet are the aftermaths of wearing shapeless shoes. The ill-fitted slip-slop, with its undue pull on the leg muscles, is responsible in good measure for the bulging calf.

fore a Texas court of inquiry about trying on expensive suits in a Dallas department store in Estes' company. He told the court Estes hadn't bought him the suits though he conceded a tailor marked them for alteration.

Ralph was retained a while, but Secretary Orville L. Freeman fired him May 15, saying Ralph had used a telephone credit card belonging to Estes to charge personal long distance phone calls.

Obviously, to save her feet and legs, a girl had better change her thinking on footwear. She may be forced to do it, even though she suffers no foot or leg problem. Otherwise she would miss out on the cool, casual, put-together look that is sweeping the in-the-know set.

As of this moment, the hip casual flat is patterned on bowling shoes. It has a slim leather sole and a long line of lacing from toe to tongue. It comes in smooth or brushed leathers, often in vivid shades, that fit like a glove and support the foot in comfort.

For dates, flats and moccasins have struck it rich. There are

dazzling, pastel patents and crushed-gold leathers. Bonanzas all ways to dating feet!

compensation dropped to 153,967 in Pennsylvania last week—the lowest level in the state in four and a half years.

A. Allen Sulcove, secretary of the Labor and Industry Department, reported Wednesday that last week's continued claims were 5,708 lower than those of the week ending May 25 and 80,264 less than claims filed in the same week in 1961.

Sulcove credited the decrease mostly to job recalls in the con-

struction and apparel industries. Initial claims for unemployment compensation also dropped by two per cent to 24,995 last week, he added.

This decrease was attributed to fewer layoffs in the bituminous mining, apparel, primary metals and service industries.

450,000 R.R. WORKERS GET PAY INCREASE

CHICAGO (AP) — Some 450,000 nonoperating workers of the nation's railroads will receive a wage increase of 10.23 cents an hour under an agreement which follows recommendations of a presidential fact-finding board.

The one-year wage agreement was announced Tuesday night by negotiators for the 11 unions representing nonoperating workers and the carriers. It provides 4 cents an hour retroactive to last Feb. 1 and 6.23 cents retroactive to May 1.

George E. Leighty, chairman of the committee representing the unions, said of the agreement, "I think the carriers feel that it's too much and we feel that it's too little but we have reached an agreement and that's it."

ASKED 25 CENTS
The unions at the start of negotiations last Sept. 1 asked for an increase of 25 cents an hour in wages which averaged \$2.42 an hour. The railroads demanded reductions in some pay classifications and no change in others.

The presidential board was appointed when the unions and the rails were unable to reach agreement.

James E. Wolfe, chairman of the Carriers Conference Committee of Western Railroads, a spokesman for the railroads, said they feel that the agreement is inflationary and contrary to public policy as expressed by President Kennedy.

He estimated that the increase will cost the railroad industry \$105 million a year. The non-operating workers include clerks, shopmen, telegraphers and other railroad personnel not actually employed in operating trains.

ADDED COST
If similar increases are agreed upon for the additional 200,000 operating workers not represented by the 11 unions, the added cost will reach \$200 million, Wolfe estimated, adding that freight rate increases may be necessary to meet the cost.

He said there is a possibility that many thousand railroad employees who might otherwise be retained will lose their jobs "simply because the railroads no longer have money to pay them."

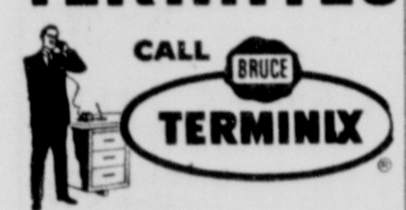

President Kennedy appointed the emergency fact-finding board under terms of the Railway Labor Act, and on May 3 it recommended a wage increase of 10.2 cents an hour.

The unions, under the act, were free to strike last Saturday but continued working while negotiations went on.

Wolfe said Secretary of Labor Arthur Goldberg had warned that in the present state of the economy a strike by one or more of the unions could not be tolerated.

He said the carriers decided that in consideration of public interest they were without alternative but to accept the board's recommendations.

To Honor Redmen For Safety Work

HARRISBURG (AP) — The Improved Order of Redmen, Great Council of Pennsylvania, will be honored today by the state for outstanding work in the field of traffic safety.

State Traffic Safety Commissioner O. D. Shipley will present the state's 1961 traffic safety award at the group's annual convention in Bethlehem.

"The organization and its safety director are to be commended for the vigorous safety education campaign conducted by the Redmen in this state," Shipley said Tuesday, in announcing the award.

Shipley said an individual safety award also will be presented to John L. Howley, Great Senior Sagamore of the organization, who directed the safety program.

FAKE HOLDUPS ARE EXPOSED

PHILADELPHIA (AP) — Three teen-agers, friends since childhood, were charged Wednesday with faking a \$3,250 payroll holdup which one of them reported to police last Friday.

Police said they recovered all but \$176 of the money 19-year-old Robert Carpenter was carrying from a bank to his employer, who runs a sheet metal fabricating plant. Carpenter, a shipping and receiving clerk at the plant, said he was kidnapped and robbed.

Arrested along with Carpenter were Thomas Florek, 19, and Frank McGovern, 18, both unemployed.

All three were charged with robbery, larceny, receiving stolen goods and conspiracy. Carpenter was charged also with making out a false report to police.

Another fake holdup was exposed Tuesday when four young men, two of them clerks for a loan company, were held for grand jury action. It is charged the clerks arranged to be robbed of \$1,844 they were taking from a bank to their own office. They, too, said they were kidnapped.

SALE AND REMOVAL OF BUILDINGS

Sale of improvements to clear the right-of-way acquired by the Pennsylvania Department of Highways, Traffic Route 116, Legislative Route 28024-2.

Bids for sale of the following described improvements will be opened at 11:00 A.M. (DST) June 12, 1962, at the Right-of-Way Office, Room 108, Twenty-first and Herr Streets, Harrisburg, Pennsylvania.

The following buildings, 1½-sty. brick and frame dwelling, 1 concrete curb, located at R. D. No. 4, Waynesboro, Pa., former owner being C. R. Baumgardner. 2½-sty. frame dwelling, 1 frame garage, 1 frame outhouse located at R. D. No. 4, Waynesboro, Pa., former owner being Laura Snively.

Directions to the above described properties turn south off Route 16 on Route 28024, at Key-tone Pattern Works, 3 miles east of Waynesboro Square.

The right-of-way must be cleared within twenty (20) working days after the notification to the successful bidder. The Pennsylvania Department of Highways reserves the right to reject any and all bids. A representative of the Right-of-Way Department will be available to show prospective bidders said properties on June 9, 1962, from 12:00 to 4:00 P.M. (DST).

Bid forms and information concerning bids may be secured from the above described Right-of-Way Office, or from the agent showing the properties.

The successful bidder will be responsible for the removal of utility facilities and the obtaining of the necessary permits as may be required by the Pennsylvania Department of Highways and political subdivisions or other state agencies.

JFK Is Warned Medicare Bill On Spot Not AMA

CHICAGO (AP) — The American Medical Association, answering President Kennedy's challenge to "set the record straight," says the King-Anderson medical care bill—not the AMA—is on trial.

The exchange was the latest development in the administration-AMA dispute over a plan for medical care for the aged.

President Kennedy, in a letter to Dr. Leonard W. Larson, AMA president, cited past actions Kennedy said indicate the AMA's opposition to the Social Security sys-

tem. The President's letter Tuesday was in reply to a message Larson sent Kennedy last month charging the President had created the impression the AMA had called Social Security a "cruel hoax" and was among opponents of its enactment in the 1930s.

"FALSE STATEMENT"
Larson's letter said, in part, "President Kennedy made the statement in his May 23 news conference that 'the AMA was one of the chief opponents of the Social Security system in the '30s.'"

"This statement is false."

"The American Medical Association did not oppose enactment of the Social Security system, but what may have been said at some later time is extraneous to the accusation the President made on May 23."

"Furthermore, I want to emphasize that past history of the AMA has nothing to do with the merits of the King-Anderson bill."

"The King-Anderson bill is on trial, not the AMA." Kennedy in his letter said if the AMA did not oppose Social Security before its enactment—only afterward—he would point out "this unique distinction at my next press conference."

SET RECORD STRAIGHT
"On the other hand," Kennedy wrote, "if the AMA has never opposed Social Security, some questions may be asked in order to set the record straight."

Among Kennedy's questions were, "why the AMA in 1949 sent to all members of Congress a resolution approved by its House of

Delegates calling Social Security a 'compulsory socialistic tax' and 'why the AMA House of Delegates declared in 1933 it had previously registered disapproval of the principle involved in Social Security.'"

Kennedy Studies Western Europe's Tax, Economics And Budgets For Ideas

EDITOR'S NOTE—The Kennedy administration is studying Western Europe's tax, economic and budget policies in an effort to find out what makes Europe run while America walks. Reasons for these studies and their possible bearing on future U.S. fiscal policies are discussed in this third of four articles by AP economic affairs writer Sterling F. Green.

The Market and the Economy Third of a Series of Four By STERLING F. GREEN AP Economic Affairs Writer

WASHINGTON (AP)—The Kennedy administration is probing the growth possibilities in a European-style policy of neutral federal budgets—less concern over small and temporary deficits, less emphasis each year on surpluses.

President Kennedy has ordered his Council of Economic Advisers to study Western Europe's budget, tax and economic policies to find out, if it can, what makes Europe run while America walks.

Behind his decision is the fact that for the past five years the European allies have been expanding their output twice as fast as the United States. Some have gone beyond "full employment" and now have labor shortages.

SOME REASONS APPARENT

Some reasons are evident—the swift development of the Common Market, the rush to raise living standards which still are far below this country's, different economic planning. Still other elements have caught the eye of administration economists.

Whether or not these fiscal policies have helped build Europe's visible prosperity can be debated. But the Kennedy administration, now searching for ways to turn a merely satisfactory recovery into full employment prosperity, intends to find out if it can.

Of special interest are Europe's tax structures, for Kennedy has announced he will send Congress this summer the blueprint for a massive 1963 tax overhaul. There is speculation that it will contain a net tax cut of up to \$5 billion. At what points should this tax relief be concentrated to produce maximum growth?

ASSAILED BY GOP

Republicans who blame Kennedy economic policies for the stock market's wild gyrations, already have assailed the European study as "a real Alice-in-Wonderland" adventure.

There are ample signs that the study and its director, Chairman Walter W. Heller of the Economic Council, will be the target of GOP campaign speeches throughout the fall congressional election campaign.

The Heller study is expected to propose some changes in the budget itself — the "administrative budget" historically used for federal bookkeeping. Economists have long argued that it is a poor yardstick for measuring the actual impact of federal spending and tax-collecting on the economy.

MATTERS OF MOMENT
Heller has indicated he favors a budget which would show the economic effects of the huge government held trust funds, including Social Security.

But Kennedy and Heller are focusing on matters of greater moment than tinkering with the fiscal yardsticks. They want to know for instance, whether a tax cut in 1963 might have the same beneficial effect that the last one had,

in 1954. And whether it might be preferable as a stimulant — as Britain seems to believe — to a rapid increase in federal spending.

Historically, Americans have expected their government — no matter which party is in power — to budget for a surplus. All too often the surpluses have turned into deficit, but the goal of balancing the budget has been accepted as synonymous with fiscal responsibility.

MAY PAVE WAY

One aim of the Heller study, some officials here suggest privately, is a public relations purpose—to pave the way for public acceptance of some possible departures from time-honored American fiscal tradition.

That squares with the current hints that Kennedy will ask Congress, to start considering a sizable tax cut in 1963 as part of a basic revision of the patchwork U.S. tax system. A tax cut almost certainly would mean a calculated budget deficit—to be erased later, hopefully, by the shot in the arm it would give the economy.

Friday: The Kennedy grand strategy.

SOLD KANGAROO MEAT IN STATE

HARRISBURG (AP)—The Illinois Beef and Provision Co., a Pittsburgh meat distributor, has been fined \$35,000 and suspended from doing business for 15 days for importing kangaroo meat into Pennsylvania.

Atty. Gen. David Stahl and Agriculture Secretary William L. Henning reported in a joint statement that the firm had admitted at a hearing May 22 that it imported the kangaroo meat illegally.

The company agreed to halt such imports and to secure proper licenses to operate in the Commonwealth, the two officials said. The suspension was effective June 1.

The agriculture and justice departments began investigations of kangaroo meat sales in May, 1960.

STILL HOPING FOR BALANCED BUDGET IN PA.

HARRISBURG (AP)—State fiscal experts are still optimistic of ending the current fiscal year with a balanced budget, despite a \$15.4 million lag in expected tax collections last month.

Budget Secretary David Baldwin said Tuesday the disappointing May collections added \$10.2 million to the amount of taxes that must be collected in June to reach revenue estimates of \$1.02 billion for the 13-month 1961-62 period.

"But," Baldwin said, "we'll come out with a balanced budget, I am sure."

BIG DISAPPOINTMENT

Despite the lag, he said, the administration expects to balance its spending in the remaining month by lapsing some unused appropriations in various departments. The current fiscal year ends June 30.

The biggest disappointment in May were the corporation taxes which fell \$12.4 million below expectations in a month when they are normally highest. Only the cigarette and inheritance taxes showed a surplus.

In all, the state collected only \$163,975,000 in taxes last month—\$15.4 million less than the estimated \$179,385,000.

Baldwin couldn't explain the sharp drop in corporation revenues.

\$12 MILLION SHORT

One possible reason, he said, is that corporations underestimated their potential income for the next fiscal year. Under the law, corporations are required to pay in advance 80 per cent of their estimated income taxes for the coming fiscal year.

Revenue from the three major corporate taxes—corporate net income, capital stock and franchise,

Emory Flowers and son and daughter-in-law, Mr. and Mrs. Donald Flowers, and children, Donna and Larry, and Luther Lightner spent Memorial Day

and selective business taxes—totaled \$101 million, compared with estimates of \$113 million, Baldwin pointed out.

Sales taxes also fell \$2 million below estimates in May, continuing the monthly shortage which has resulted in a \$7.8 million lag in the first 12 months of the 1961-62 fiscal year.

2 BRIGHT SPOTS

The two bright spots—the inheritance tax and the cigarette levy—were \$376,000 above estimates.

Total general fund collections over the first 12 months of the 13-month fiscal period totaled \$922,101,000, Baldwin reported. The estimates for the period amounted to \$932,350,000.

The current fiscal year is being considered on a 13-month basis so that the Commonwealth can push its fiscal period back a month to run concurrent with that of the federal government and the state's school districts.

PORT AU SPAIN, Trinidad (AP)—Dr. William Beebe, 84, a naturalist, author and well-known pioneer underwater explorer, died Monday at the tropical research station he founded. Beebe presided the facility to the New York Zoological Society in 1945 and was made its director.

MADISON, Ind. (AP)—Michael E. Garber, 81, publisher of the Madison Courier, died Tuesday after an eight-year illness. Garber had been associated with the paper, which had been owned by his father, Michael C., since he was a boy. He became editor in 1930 when his father died.

LOW PA. DEATH RATE IS CITED

HARRISBURG (AP)—For the second straight year, the National Safety Council has singled out Pennsylvania for special recognition for its outstanding traffic safety program.

In a citation issued Tuesday, the council commended the commonwealth for having the lowest traffic death rate and the best traffic safety program of any major state in 1961.

A total of 1,486 persons were killed on the state's highways last year—a rate of 3.7 for every hundred million miles of travel. This

was the lowest rate in the state's history.

Pennsylvania received a similar certificate of merit from the National Council for 1960.

"Motorists and citizens of Pennsylvania can take justifiable pride in the accomplishments upon which these National Safety Council awards are based," Gov. Lawrence declared in a statement.

"But," he added, "the national recognition accorded Pennsylvania should focus our attention on the job still to be done. Far too many people are still being killed or injured in traffic accidents."

Green Bay Packer halfback Paul Hornung recently got a raise of \$8 per month. He is now a PFC doing million miles of travel. This

MUCH OF STATE STILL TOO DRY

HARRISBURG (AP)—Dry weather continues to plague Pennsylvania's parched farmlands, slowing the growth of hay, vegetables and grains, reports the state Crop Reporting Service.

In its weekly crop summary issued Tuesday, the service said last week's scattered rain provided only partial relief for farmers.

Soil moisture remains short and early crop yields are poorer than normal.

Sunny skies, however, have been ideal for initial cuttings of alfalfa

and clover timothy, the crop service reported.

"But," it added, "most vegetable acreages are in need of more rain. Sweet corn is beginning to push above the ground but growth of the early crop has been hindered by dry weather. Leaf lettuce and radishes are moving to market. Strawberries are sizing in northern areas while harvesting is well underway in the south."

"Cherries are turning yellow in all major producing areas. Grapes were in bloom last week in the Erie region. Spotted frost damage to pears, apples and cherries was becoming evident in the Berks-Lehigh area, and some slight effects were also noted in apple orchards of the south mountain region."

"Barley is heading throughout the state and turning to gold in some areas. Wheat is in the boot to head stages and oats are in the preboot phase. Corn planting is practically completed. Planting of soybeans has started and ground was being prepared for the buckwheat crop."

MIAMI, Fla. (AP)—Marie Tello Phillips, 87, poet and author who helped found the American Academy of Poets, died Tuesday. Miss Phillips, whose real name was Mrs. Charles A. Yaegle, served as president-general of the U.S. Clubs of the Poetry Society of Great Britain.
